

2002 Annual

Town Report

FREMONT NEW HAMPSHIRE

New Fremont Public Library - Built 2002

The 2002 Annual Town Report is dedicated to a member of our community who served in a variety of capacities over the years.
We remember him fondly.

J WILLIAM BODEN

"Bill" was a founder of the Fremont Little League Program. He was active with the Raymond and Fremont Community Action Program; and reactivated Fremont Boy Scout Troop No. 1.

We are proud with the pride of our mountains,
We are strong with the might of our seas,
We are fierce with the eagles that soar in our skies,
We are staunch as our noblest trees,
We are young as the hopes of our children,
We are warm as our deserts' bright sun,
We are generous as farmlands of rich, golden wheat,
We are bold as our rivers' swift run,
We are true to the faith of our fathers,
We are blessed by this beautiful land,
And wherever we gather, together as one,
UNITED FOREVER WE'LL STAND.

May today there be peace within you.
May you trust God that you are exactly where you are meant to be.

"I believe that friends are quiet angels who lift us to our feet when
our wings have trouble remembering how to fly."

APPRECIATION

Commencing with the 1991 Town Report, the Town has annually recognized a resident who has given much of their time to the town.

THE 2002 APPRECIATION RECOGNIZES
a pair of residents who have given a great deal of themselves to Fremont for decades:

**MARY A ANDERSON
&
RUTH F ANDERSON**

Many Fremonters
know
Mary & Ruth
Anderson.
They are the
Tax Collector
and
Deputy Tax Collector.

Mary has been Fremont's Tax Collector for 25 years. She has been through much with the Town of Fremont. With her vast educational experience, Mary has been a valuable source of information and knowledge on many town and school issues. Mary has taken the minutes of Town Meeting for 29 years! Mary was for a time, the Town's Auditor, and served some time as the Deputy Town Clerk as well.

Ruth began being her daughter's Deputy Tax Collector in 1994. Ruth is available many hours at home for information, and even to pay your tax bill. Their office in the Town Hall is open on Thursday evenings, and they are available extensively at home for payment and tax information.

Ruth served several years on the Fremont School Board and was Deputy Town Clerk for a time as well. You can always count on her smiling face at Election Day, where she has served for many years as a Ballot Clerk.

The Anderson Family, and the Healey's before them, owned and operated Bessie's Restaurant on Route 125 in Brentwood; and on Route 107 in Fremont.

Their knowledge of the Town and people is invaluable.
Thanks to Ruth and Mary for all your efforts on behalf of the Town of Fremont.

**ANNUAL REPORTS OF THE SELECTMEN,
TREASURER, SCHOOL BOARD, AND ALL OTHER
OFFICERS AND COMMITTEES
FOR THE
TOWN OF FREMONT NEW HAMPSHIRE
FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2002**

TOWN OF FREMONT NH 2003 TOWN MEETING WARRANT

**To the inhabitants of the Town of Fremont in the County of
Rockingham in said State, qualified to vote in Town Affairs:**

**FIRST SESSION FOR VOTING: TUESDAY MARCH 11, 2003 TO BE HELD AT THE
FREMONT SAFETY COMPLEX AT 425 MAIN STREET IN FREMONT NEW HAMPSHIRE**

TIME: 8:00 AM to 7:00 PM

ARTICLE 1: To choose by ballot all necessary Town Officers for the ensuing year.

ARTICLE 2: Are you in favor of amending Article III Section 5 of the Fremont Zoning Ordinance, Article VIII Section 3 as follows:

Whoever violates any of the provisions of the regulations of this ordinance shall be punished upon conviction by a fine not to exceed ~~ten-\$10.00~~ two hundred seventy-five (\$275.00) dollars per day of each violation.

The Planning Board recommends this article.

ARTICLE 3: Are you in favor of designating the wetland system commonly known as "Spruce Swamp" in the Town of Fremont as prime wetlands as authorized in RSA 482-A:15 and described in documents and maps filed by the Planning Board and Conservation Commission with the Town Clerk as required by RSA 675:3 and to amend the Fremont Zoning Ordinance Article IX - *Wetland and Watershed Protection District* as follows:

ARTICLE IX

WETLAND AND WATERSHED PROTECTION DISTRICT

A. Authorities and Purpose

1. Establishment of this ordinance with the authority vested in the Fremont Planning Board by the voters of the Town of Fremont, N.H. on March 11, 1947 and the authority vested in the Conservation Commission by the voters of the Town of Fremont, N.H. on RSA 36-A:1-6.
2. Purpose: In the interest of public health, convenience, safety, and welfare, the regulation of the District are intended to guide the use of areas of lands draining into wetlands, rivers, brooks, ponds or water supply areas; to control building and land uses which would contribute to pollution of surface and ground water by sewage; to prevent the destruction of watershed areas and wetlands which provide flood protection, recharge of ground water supply, and augmentation of stream flow during dry periods; to prevent unnecessary or excessive expenses to the Town to provide and maintain essential services and utilities which arise because of inharmonious use of

watershed areas and wetlands; to encourage those uses that can be appropriately and safely located in this district.

B. Administration

1. Administration of the provisions of this ordinance shall be coordinated with the Fremont Conservation Commission through the designated commission member represented on the Fremont Planning Board. Responsibilities of said member shall be consistent with RSA 36:0 and RSA 36-A:2-3.
2. To the extent possible the Watershed Protection District shall, through the Planning Board, maintain close coordination with surrounding watershed districts and regional watershed authorities.

C. Definitions

1. Wetlands: Wetlands shall be those areas having standing water, seasonal high water within one foot (1') of the surface, and upon which grow or are capable of growing, characteristic wet site species of plants. Wetlands shall also be those soils that are identified as "poorly drained" and "very poorly drained" under High Intensity Soil Survey classification, and any soils that are so defined as wetlands under the current State Wetlands Bureau definition. Said areas shall be determined by on-site inspections and tests. Land areas designated as wetlands shall comply with the provisions of Section E.
2. Watershed Protection Area: Watershed Protection Area shall mean an area of land surrounding designated wetlands for the purpose of controlling building and land uses which would contribute to the pollution of surface and ground water, and preventing the destruction of watershed areas and wetlands which would provide flood protection. Land areas designated as Watershed Protection Areas shall comply with the provisions of Section E.
 - a. Watershed Protection Area: - Permanent flowage; (rivers, brooks, streams and ponds) shall include all lands within one hundred fifty (150) feet of the mean annual high of the Exeter River, Piscassic River, Loon Pond, Red Brook, and Brown Brook and other streams to be named.
 - b. Watershed Protection Area: - intermittent flowage; Any brook, stream, or pond having flowing or standing water for six (6) months of the year shall include all lands within one hundred (100) feet of the center line of said brook or stream and one hundred (100) feet from the mean annual high of said pond.
 - c. Watershed Protection Area: - Wetlands; shall include that land area within one hundred (100) feet of any designated wetland.
 - d. Watershed Protection Area: - Slope Factor; When areas abutting watershed protection areas have excessive inclines of twelve percent (12%) or greater, an additional one hundred (100) feet of depth shall be added to said area.
3. Prime Wetlands: Shall mean any areas falling within the jurisdictional definitions of RSA 482-A:3 and RSA 482-A:4 that possess one or more of the values set forth in RSA 482-A:1 and that, because of their size, unspoiled character, fragile condition or other relevant factors, make them of substantial significance. Such maps or designations, or both, shall be in such form and to such scale, and shall be based upon such criteria, as are established by the commissioner through rules adopted pursuant to RSA 541-A.
- D. Test Procedures (Subdivisions Regulation): Soil testing procedures shall be subject to the prior review, approval and on site inspection by the Planning

Board or its designate. Such procedures shall be conducted by, and at the expense of, the landowner/subdivider. A complete record of the tests shall be submitted to the Selectmen and placed on file with the Planning Board.

E. Uses Permitted: Any of the following uses that do not result in the erection of any dwelling or building in public or private use or alter the surface configuration of the land may be permitted in this district consistent with State and Federal wetland regulations:

1. Forestry, tree farming, within the limits of RSA 224:44a.
2. Agriculture, including grazing, farming, truck gardening, and harvesting of crops, except that mink farms and piggeries shall not be included in this district.
3. Drainage ways, streams, creeks, or other paths of normal run-off water.
4. Water impoundments and well supplies.
5. Wildlife refuge.
6. Open space as may be permitted by subdivision regulations and other sections of this ordinance.

F. Special Provisions

1. No waste disposal system may be located closer than one hundred (100) feet to any wetland.
2. No waste disposal system may be located within a watershed protection area.
3. Wetlands shall not be used to satisfy the minimum lot area and setback requirements but may be included in the total lot area.
4. Watershed protection areas may be included in the minimum lot size requirements. All dwellings, structures, or parking areas shall have no portion within the Watershed Protection Area and/or no portion closer to Wetlands than those limits defined under Article IV as setback requirements.

G. Prime Wetlands: In accordance with RSA 482-A:15 the wetland system commonly known as "Spruce Swamp", and described in documents and maps filed by the Planning Board and Conservation Commission with the Town Clerk and the State of New Hampshire Department of Environmental Services, is hereby designated as a prime wetland.

G.H. Special Exceptions: The Board of Adjustment, after proper public notice and public hearing, may grant special exceptions for the following uses within the district, the application for such uses having been referred by the Planning Board for site plan review, the Conservation Commission, the Health Officer and Building Inspector and reported upon by all four (4) prior to the public hearing or thirty (30) days have elapsed following such referral without receipt of such reports.

1. Recreation, including golf courses, parks (but not an amusement park) boating, fishing, landings, picnic areas and any non-commercial open-air recreation use, provided there are adequate provision for disposal of waste products and for parking.
2. Dredging, filling, drainage (in compliance with the RSA 149:8a) or otherwise altering the surface configuration of the land; streets, roads and other access ways and utility rights if essential to the productive use of land if so located and constructed as to minimize any detrimental impact of such uses upon the wetland and watershed protection areas.
3. Proper evidence to this effect shall be submitted in writing to the Board of Adjustment and shall be accompanied by the findings of a review by the Rockingham County Soil Conservation Service District of

the environment effects of such proposed use upon the wetland and watershed protection area in question.

The Planning Board recommends this article.

ARTICLE 4: By petition: Are you in favor of amending Article III of the Fremont Zoning Ordinance by adding the following Section 5:

Section 5. Manufactured housing parks may be allowed only when the following minimum requirements are fulfilled:

1. No manufactured home park shall be located on a tract of land smaller than sixty (60) acres.
2. No park site shall be developed unless adequate access for firefighting equipment, fuel delivery, refuse collection and other vehicles is provided.
3. Roads shall have a minimum width of fifty (50) feet with the center twenty (20) feet paved or hard-surfaced.
4. No home site shall contain less than twenty thousand (20,000) square feet.
5. Clearance between adjacent manufactured homes shall not be less than thirty (30) feet.
6. Front yard set back shall not be less than thirty (30) feet.
7. Each site shall be provided with suitable and approved connections to metered electricity, pure water and sewage systems that meets State Board of Health requirements.
8. The manufactured home park shall be screened from adjacent property by a suitable fence, wall or living fence of not less than six (6) feet in height.
9. The initial fee for a manufactured home park shall be fifty (50) dollars. Renewal of such permit thereafter shall be fifty (50) dollars per year.
10. The manufactured home park, or community approved under this section shall be limited to an adult park or community. Pursuant to the requirement of federal law (Fair Housing Act Amendments of 1988).

The Planning Board does not recommend this article.

Explanation of "full text" amendments:

Plain text = current language

Bolded underlined text = added language

~~Strikethrough text~~ = removed language

**SECOND SESSION: SATURDAY MARCH 15, 2003 TO BE HELD AT THE ELLIS
SCHOOL AT 432 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 5:00 PM**

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of twenty-one thousand two hundred dollars (\$21,200) to purchase and equip a new police cruiser and authorize the withdrawal of twenty-one thousand two hundred dollars (\$21,200) from the Capital Reserve Fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of twenty thousand one hundred ten dollars (\$20,110) to purchase radio equipment (seven digital portables and one base station) for the Police Department and to authorize the withdrawal of twenty thousand (\$20,110) from the Capital Reserve Fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of forty-five thousand dollars (\$45,000) to cut trees, remove stumps, grade, roll, gravel, and pave three inches of pavement eighteen (18) feet wide on streets in Fremont as follows:

- a. Pigeon Lane
- b. Beach Street
- c. Shady Lane
- d. Bruce Avenue

The total distance of these roadways is 2,500 feet. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of thirty-five thousand dollars (\$35,000) to purchase new playground equipment at the Fremont Recreation Fields on Main Street. Out of this amount, approximately \$6,000 is to come from fundraising. The Selectmen and Budget Committee do not recommend this appropriation.

ARTICLE 9: To see if the Town will vote to authorize the Selectmen to enter into a three year lease agreement for the purpose of leasing a 2003 Chevrolet Suburban and to raise and appropriate the sum of twelve thousand two hundred twenty-four dollars (\$12,224) for the first years payment for that purpose. This lease agreement contains an escape clause. The vehicle is for use by the Fremont Rescue Squad, and the total cost over the three year lease is \$36,669. The Selectmen recommend this appropriation and the Budget Committee does not recommend this appropriation.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of ten thousand four hundred forty-one dollars (\$10,441) to purchase and install necessary equipment in the new rescue vehicle as voted in Article 9; for the Fremont Rescue Squad and authorize the withdrawal of ten thousand four hundred forty-one dollars (\$10,441) from the Capital Reserve Fund created for that purpose. The Selectmen recommend this appropriation and the Budget Committee does not recommend this appropriation. (Article to be tabled if Article 9 fails.)

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of seventy-three thousand dollars (\$73,000) to be placed in existing Capital Reserve Funds for the following purposes. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

- a. Police Cruiser \$10,000
- b. Radio Communication Equipment \$5,000
- c. Emergency Management Vehicle \$3,000
- d. Fire Truck \$12,500
- e. Property Revaluation \$15,000
- f. Rescue Vehicle \$5,000
- g. Highway Building \$15,000
- h. Highway Equipment \$7,500

ARTICLE 12: To see if the Town will vote to go to the "Pay-per-Bag" user fee system of paying for solid waste disposal and raise and appropriate the sum of nine thousand dollars (\$9,000) to purchase and distribute the necessary stickers for the first year of operation. If this article passes, the effective date of "Pay-per-Bag" would be July 1, 2003. The Budget Committee does not recommend this appropriation.

ARTICLE 13: To hear the report of the Budget Committee and take any action the Town deems necessary.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of one million eight hundred thirty-six thousand four hundred seven dollars (\$1,836,407) for general municipal operations, exclusive of all other warrant articles already voted. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 15: Shall we adopt the provisions of RSA 31:95-c to restrict all revenues from playground donations and fundraising to expenditures for the purpose of purchasing and installing a new playground at the ballfields? Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Playground Fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue. (Majority ballot vote required).

ARTICLE 16: Shall we modify the elderly exemptions from property tax in the Town of Fremont, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 74 years, \$25,000; for a person 75 years of age up to 80 years, \$35,000; and for a person 80 years of age or older \$45,000. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$20,000 or, if married, a combined net income of less than \$30,000; and own net assets not in excess of \$45,000 (excluding the value of the person's residence). (Ballot vote required).

ARTICLE 17: To see if the Town will authorize the Selectmen to enter into a lease arrangement with the Fremont Historical Society for use of the former Fremont Library Building located at 8 Beede Hill Road (parcel 03-048).

ARTICLE 18: To see if the Town will vote to authorize the Selectmen to convey a Conservation Easement to the Rockingham County Conservation District or other appropriate Conservation Organization on behalf of the Fremont Conservation Commission, on the following parcels of town-owned land to be included as part of the Town Forest known as the Oak Ridge Conservation Area: Map 4 Lots 4, 8, and 16; in order to protect in perpetuity said areas from development for the purpose of protecting and conserving the intrinsic value of Spruce Swamp for the benefit of all citizens.

ARTICLE 19: To see if the Town will authorize the Selectmen to renegotiate the existing Cable Television License with AT&T Broadband under such terms and conditions as deemed advisable by the Selectmen.

ARTICLE 20: By Petition: To see if the Town will vote to create a Fremont Town Information Cable Channel. This channel shall include all the benefits of local programming, namely public access, education, and government (PEG) as provided for under the Federal Communications Act of 1996. The station will be set up in 2003 as recommended by the Fremont Cable Study Advisory Committee. The town does not need to raise and appropriate any tax dollars towards this warrant.

ARTICLE 21: By Petition: To see if the Town will vote to assign names of historically prominent Fremont people, families, landmarks, or events, to any proposed new public Town road or other right of public ways within the Town of Fremont; and to any said private roads or ways that may in the future be accepted as a new town road, street, drive, lane, way, path, or court.

ARTICLE 22: To transact any other business that may legally come before this meeting.

Given under our hands and seal this Sixth day of February in the Year of Our Lord Two Thousand and Three.

BUDGET OF THE TOWN OF

F R E M O N T

BUDGET FORM FOR TOWNS WHICH HAVE ADOPTED
THE PROVISIONS OF RSA 32:14 THROUGH 32:24

Appropriations and Estimates of Revenue for the Ensuing Year

January 1, 2003 to December 31, 2003

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below.

This is to certify that this budget was posted with the warrant on February 12, 2003.

BUDGET COMMITTEE

Please sign in ink.

Thomas Roy
Mary T. Stiles
Margaret J. Pizolo
Geraldine P. Pizolo
Charles L. Pizolo
Judith A. Pizolo

Richard C. Pizolo

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

FOR DRA USE ONLY

NH DEPARTMENT OF REVENUE ADMINISTRATION

9. Maximum Allowable Appropriations (lines 1 + 8)	2,168,895

Line 8 is the maximum allowable increase to budget committee's recommended budget. Please enter this amount on the bottom of the posted budget form, MS7, 27, or 37.

Please attach a copy of this completed supplemental schedule to the back of the budget form.

NARRATIVE FOR THE 2003 TOWN MEETING WARRANT

The following narrative seeks to provide additional information for voters pertaining to the articles proposed in the Town Meeting Warrant.

VOTE AT THE POLLS ON TUESDAY MARCH 11, 2003 FROM 8:00 AM TO 7:00 PM AT THE SAFETY COMPLEX AT 425 MAIN STREET IN FREMONT

Article 1 The ballot contains all persons running for an elected position within the Town. There will be a separate ballot for officials running for Fremont School District offices. Sample ballots will be posted at the Town Hall, Safety Complex, Library and Post Office for viewing before Election Day. You can vote by absentee ballot ONLY on Articles 1 through 4. The remainder of the Town Meeting deliberation takes place on Saturday March 15, 2003 and cannot be done by absentee vote.

Article 2 will be voted upon by ballot, at the polls on March 15, 2003. This article proposes to update the Fremont Zoning Ordinance by changing the fee imposed for any court-convicted zoning violation from \$10.00 per day to the State Statutory limit of \$275.00 per day. This article will be on the written ballot in summary form. A summary of the question will be presented with a box to check yes or no.

Article 3 will be voted upon by ballot, at the polls on March 15, 2003. This article proposes to update the Fremont Zoning Ordinance by designating the Spruce Swamp wetland as a Prime Wetland. This amends Article IX, the Wetland and Watershed Protection District. This would protect and preserve the watershed area known as Spruce Swamp. A map of this area can be viewed at the Fremont Town Hall. This article will be on the written ballot in summary form. A summary of the question will be presented with a box to check yes or no.

Article 4 will be voted upon by ballot, at the polls on March 15, 2003. This article proposes to update the Fremont Zoning Ordinance by adding a provision to allow adult mobile home parks in Fremont. This would be added to the existing Zoning Article III. This article will be on the written ballot in summary form. A summary of the question will be presented with a box to check yes or no.

VOTE AT ELLIS SCHOOL GYMNASIUM AT 432 MAIN STREET IN FREMONT NH AT THE ANNUAL TOWN MEETING SATURDAY MARCH 15, 2003 BEGINNING AT 5:00 PM

All remaining articles (numbered 5 through 22) will be acted upon at the recessed session of Town Meeting, which begins at 5:00 pm on Saturday March 15, 2003. This portion of the meeting is held at the Ellis School at 432 Main Street, in the gymnasium.

By law, any warrant article requesting funds must be considered by the Selectmen and Budget Committee, and each must make a recommendation on the proposed expenditure. This recommendation is noted at the end of each article.

Article 5 requests funding (\$21,200) to purchase a new police cruiser. The entire amount will be withdrawn from the existing Capital Reserve Fund for this purpose. There will be no monies raised by taxation for this purchase. We are currently on a cycle of replacing a car every two years. The one being retired is a 1996, currently unmarked, and driven by the Chief. At the time of this writing, the 1996 car had 199,000 miles logged. The Department keeps cruisers for six years, with two years on the front line; two years on the second line; and two years unmarked. There are three cruisers in the fleet.

Article 6 requests funding (\$20,110) for the purchase of seven new digital portable radios and one base station for the Police Department. In early 2002, the frequency used by law enforcement agencies was changed over from analog to digital, causing a need for a completely new communications system. The mobile radio units in the cars were obtained in 2002 via grant funding; as were two portables. This warrant article funds the remainder of radios needed for the Department to effectively communicate.

Article 7 requests funding (\$45,000) to upgrade and pave Pigeon Lane, Beach Street, Shady Lane, and Bruce Avenue. The funds would be used to cut trees within the right-of-way, remove stumps; and do all grading and material preparation to the roadway so a three inch binder of pavement can be placed on it. The road width will be 18 feet wide when completed.

Article 8 requests funding (\$35,000) to purchase playground equipment to be installed as a community-build project at the newly renovated ballfields on Main Street. There is planned to be some \$6,000 in fundraising efforts for the project, thus the tax impact would be \$29,000; if that is accomplished.

Article 9 requests funding (\$12,224) for the first year lease payment on a 2003 Chevrolet Suburban for the Fremont Rescue Squad. The purchase would be a three year lease, the life of which would cost the Town \$36,669. The new vehicle would replace a 1987 Chevrolet utility truck; which is in need of many repairs. The new vehicle would carry more personnel than the existing vehicle can; as well as provide a smaller overall size, with better storage conditions to protect the equipment it carries in a climate-controlled environment.

Article 10 requests funding (\$10,441) for the equipment in the Suburban described in Article 9 for the Rescue Squad. This sum includes interior work, radio, lights, siren, etc; that will be added to the vehicle after its purchase. This sum will come from the capital reserve fund, creating a net zero tax impact.

Article 11 proposes to fund monies into eight existing Capital Reserve Funds. Each fund has already been established for future use. These funds will add to what has already been set aside. These funds accrue over time and are then used to fund larger capital purchases when needed. To see the amount already established in each of these funds, refer to the annual report of the Trustees of Trust Funds in the Town Report.

Article 12 requests funding (\$9,000) to purchase and distribute the necessary stickers for the Town to convert to a Pay-Per-Bag user fee system for solid waste disposal and collection. This would mean that all trash to be disposed of would need to be in a bag that has a sticker affixed to it. Recycling is free, and the purpose of conversion is to encourage greater recycling. The cost of each sticker would be \$1.00.

Article 13 is the opportunity for the Budget Committee to make their report on the 2003 budget process and appropriations.

Article 14 is the total operating budget for the Town; the master budget article. This number is the sum total of all operating budgets, and excludes any special warrant articles already voted. The full budget can be found on the State Form MS-7, which is printed on colored pages in the beginning of your Town Report. The appropriation recommended by the Selectmen and Budget Committee for the general operations of the Town is \$1,836,407.

The Town undertook a wage study in 2002, and within many of the operating budgets are changes from that study. Following are some highlights of the major changes in the operating budgets:

Election & Registration: purchase of additional ballot booths and a voter tally machine
Personnel Administration: increase in insurance costs; benefit calculations due to wage increases
Town Report: more reports being printed and postage increase
Building Inspection: conversion to a full-time position
Solid Waste Collection: contract price increase of 2.5%
Solid Waste Disposal: increase in tonnage (amount and fees associated)
Parks & Recreation: increase in field development and maintenance costs
Conservation Commission: includes more money for clerical assistance and easement projects

Article 15 proposes to create a new special revenue fund in accordance with NH RSA 31:95-c. This would allow all revenue donated for construction and purchase of a new playground to be placed in a separate revenue fund and used only for the future construction and purchase of the playground equipment. This article has been put in place to encourage fundraising for the playground if it is not approved this year (in Article 8). This would specifically earmark any donations and set them aside to offset future playground costs. This article will be tabled if Article 8 is passed this year.

Article 16 proposes to update the Town of Fremont's income limits for the elderly exemption. Several years ago, statutory changes were made to the exemption criteria, with the idea that further research would be done with regard to income and asset limits. We have completed a brief study of area towns, and in keeping with the outlines of the statute, are proposing to increase the income limit for a single person to \$20,000 and for a married couple to \$30,000. The asset limit would be increased to \$45,000. These proposed changes would likely provide more opportunity for our elderly to meet the eligibility criteria for an elderly exemption. The exemption amounts remain the same as they are currently.

Article 17 would allow the Selectmen to negotiate with the Historical Society, an agreement for use of the former library building at 8 Beede Hill Road. The Historical society is proposing to use this building for a museum and storage.

Article 18 would authorize the Selectmen to grant conservation easements on three additional parcels of land. The area generally referred to as the Town Forest contains approximately 117 acres; and these additional easements would add another 55 acres to the total protected area. Granting a conservation easement on these lands (in addition to those already granted)

protects the land in perpetuity, and adds to the Town's resource "bank" for future conservation projects. It is hoped this will enable to the Town to be eligible for further grant possibilities; as well as increase the protected resources.

Article 19 is an article, placed on the Warrant by the Board, to look into the possibility of opening the cable contract for the purpose of including fiber optic cabling and a town channel; within the contract. Currently, if a town channel were to be implemented, there is no funding mechanism for the costs.

The only way to have the town channel implemented without using taxpayer dollars, would be to see if AT&T Broadband will renegotiate the existing contract (with five years left) and include the costs in subscriber fees, if this is possible. According to the Cable Study Committee's report this could cost each subscriber approximately \$1.00 per month over the cost over the remaining life of the contract.

Article 20 was submitted by citizen petition and proposes to create a town information channel.

Article 21 was submitted by citizen petition and proposes to restrict the naming of any and all roads and ways in Fremont to those of historical origin.

Article 22 is the meeting's closure article, to see if there is any other business to be transacted that may legally come before the voters at this forum.

We hope this information is helpful to your understanding of the issues to be voted upon at the annual town meeting. If you have specific questions that might be answered in advance of the deliberation session on March 15, 2003 please feel free to call our office at 895-2226.

Fremont Board of Selectmen

TOWN OF FREMONT NH 2002 TOWN MEETING MINUTES

**FIRST SESSION FOR VOTING: TUESDAY MARCH 12, 2002 TO BE HELD AT THE
FREMONT SAFETY COMPLEX AT 425 MAIN STREET IN FREMONT NEW
HAMPSHIRE TIME: 8:00 AM to 7:00 PM**

Ray Bernier, Moderator, opened the first session of the 2002 Fremont Town Meeting at 8 am. The town and school warrants were read. Eighteen (18) Absentee ballots that had been received by 3:30 pm were opened and the signatures were verified. No other absentee ballots were received by 5:00 pm. The polls closed at 7:00 pm and the counting of the ballots commenced.

ARTICLE 1: To choose by ballot all necessary Town Officers for the ensuing year. All write-in votes were 1, 2, or 3 votes, therefore, will not be published in the town report, however, a report of all write-in votes is available in the Town Clerk's office.

1847 registered voters -- 724 regular ballots cast -- 18 absentee ballots cast -- 3 cancelled ballots. The results of the election are as follows:

Selectmen - 3 years

Norman Martineau, Jr. 612
Norman Martineau, Jr. declared the winner.

Treasurer - 2 years

Kimberly Dunbar 614
Kimberly Dunbar declared the winner.

Road Agent - 1 year

Guerwood M. Holmes 627
Guerwood M. Holmes declared the winner.

Trustee of Trust Funds - 3 years

Charles S. Buhrman 607
Charles S. Buhrman declared the winner.

Moderator - 2 years

Raymond L. Bernier 637
Raymond L. Bernier declared the winner.

Trustee of Library - 3 years

John Hennelly 579
John Hennelly declared the winner.

Budget Committee - 3 years - Vote for 2

Marilyn L. Baker 555
Charles D. Kimball 503
Marilyn L. Baker and Charles D. Kimball declared the winners.

Supervisors of Checklist - 6 years

Matthew E. Thomas 612
Matthew E. Thomas declared the winner.

ARTICLE 2: Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700.

Yes - 428 No - 172 Article passed by ballot vote.

ARTICLE 3: Are you in favor of replacing Article III Section 1 of the Fremont Zoning Ordinance by adopting the following ordinance proposed by the Planning Board as follows:

ARTICLE III

Section 1. NON-CONFORMING USES AND STRUCTURES

A. Reconstruction of:

Any non-conforming structure which is completely or substantially destroyed by casualty loss may be replaced with a similar structure which has the same building footprint dimensions and meets the setbacks of the previously existing structure. The structure may be rebuilt provided such construction is started within one year of the casualty loss and complete within two (2) years of the casualty loss. The provisions of the Town of Fremont Building Code, as amended, shall apply to any reconstruction.

B. Expansion of Non-conforming uses:

Except as noted below, an expansion of a non-conforming use is prohibited except by variance by the Zoning Board of Appeals.

A variance is not required if the expansion is a natural expansion which does not change the nature of the use, does not make the property proportionately less adequate, and does not have a substantially different impact on the neighborhood.

C. Expansion of Non-conforming Structures:

Non-conforming structures may be expanded in accordance with the terms of a special exception issued by the Zoning Board of Adjustment, which must find the following factors to exist before issuing such a special exception:

1. The proposed expansion must intrude no further into any setback area than does the existing structure.
2. The expansion must have no further adverse impact on the view, light and air of any abutter.
3. The expansion must not cause property values to deteriorate.
4. The expansion must not impede existing rights of access or egress.
5. That portion of the proposed expansion, which will intrude into the setback must, in no event, exceed the footprint square footage of that portion of the structure which presently intrudes into the setback, regardless of the number of applications made over time under this subsection.
6. In the event the non-conforming structure contains a commercial use, there must be no adverse impact on access, traffic, parking, lighting or other safety or visibility features of the existing structure.
7. A special exception under this subsection may be granted only as to expansions into the side, front, and rear setbacks, and is not available for expansions which violate height restrictions of this ordinance.

D. Discontinuance of:

In the event that a non-conforming use is voluntarily discontinued for a period of one year, such non-conforming use shall be deemed abandoned and shall not be able to resume without compliance with the zoning ordinance or,

alternately, without a variance from the zoning board of adjustment. Voluntary abandonment shall be evidenced by either of the following:

1. Discontinuance of the occupancy or nonconforming use for twelve (12) consecutive months with no ongoing attempts to sell or lease the property for its non-conforming use; or,
2. Failure to resume the nonconforming use within eighteen (18) months, even though there may be ongoing efforts to sell or lease the property for its non- conforming use.

E. Continuance of:

1. All non-conforming structures and uses which predate the adoption or amendment of this ordinance may continue in their present use. These uses shall run with the land and may be transferred by sale or lease by present owner to future owners or lessees, subject to the other terms of this Ordinance which limit such non-conforming uses.
2. All new uses, changes of uses, expansion of uses or resumption of uses previously discontinued shall not be permitted until the property owner or authorized lessee has first made application to the Town of Fremont Code Enforcement Officer for an administrative decision seeking a determining whether a permit is required for such new, change, expansion or resumption of the non-conforming use or non-conforming structure under the terms of this ordinance. If a permit or other application is required, such use may not proceed until such application has been made a processed as required by town regulations and ordinances.

The Planning Board recommended this article.

Yes - 492 No - 146 Article passed by ballot vote.

ARTICLE 4: Are you in favor of replacing Article III Section 5 of the Fremont Zoning Ordinance by adopting the following ordinance proposed by the Planning Board as follows:

ARTICLE III, SECTION 5

MANUFACTURED HOUSING USE REGULATIONS

1. No new manufactured housing parks or expansions of existing manufactured housing parks shall be permitted.
2. Manufactured housing shall be allowed on individual lots under the following conditions:
 - A. All permanent manufactured housing shall be placed on a permanent foundation or on foundation piers.
 - B. The design and construction of the permanent foundation of permanent foundation piers shall comply with current amended Building Codes at the time of construction.
 - C. All manufactured housing to be placed on lots within the Town of Fremont shall be certified as US Department of Housing & Urban Development (HUD) approved.
 - D. All manufactured housing shall comply with lot dimensions, setbacks, and other applicable requirements of Article IV of this ordinance.

- E. All manufactured houses (mobile homes) located on any lot within the Town of Fremont shall be placed, established, used and/or occupied as a single family detached dwelling.
- 3. The temporary placement of manufactured housing on conforming lots may be permitted by the Board of Selectmen.
- 4. The Board of Selectmen shall set the conditions and criteria by which the temporary placement of manufactured housing shall be permitted on a conforming lot.

The Planning Board recommended this article.

Yes - 520 No - 128 Article passed by ballot vote.

ARTICLE 5: Are you in favor of adding a new Article XIV to the Fremont Zoning Ordinance by adopting an Impact Fees for Public Capital Facilities Ordinance?

This ordinance would regulate impact fees for new development in order to meet the needs occasioned by that development for construction or improvement of capital facilities owned or operated by the town of Fremont or the Fremont School District.

The Planning Board recommended this article.

Yes - 532 No - 133 Article passed by ballot vote.

ARTICLE 6: Are you in favor of adding a new Article XV to the Fremont Zoning Ordinance by adopting a Personal Wireless Services Facilities Ordinance?

This ordinance would regulate the construction and use of Wireless Facilities (including towers) in accordance with federal and state law, and would facilitate the review and approval of personal wireless services facilities by the Town's Planning Board in keeping with the town's existing ordinances and established development patterns, including the size and spacing of structures and open spaces. This ordinance is intended to be applied in conjunction with other ordinances and regulations adopted by the Town, including historic district ordinances, site plan review regulations and other local ordinances designed to encourage appropriate land use, environmental protection, and provision of adequate infrastructure development.

The Planning Board recommended this article.

Yes - 538 No - 143 Article passed by Ballot vote.

**SECOND SESSION: SATURDAY MARCH 16, 2002 HELD AT THE ELLIS SCHOOL
AT 432 MAIN STREET IN FREMONT NEW HAMPSHIRE 5:00 PM**

Raymond Bernier, Moderator, called the meeting to order at 5 pm and reminded voters to register with the Supervisors of the Checklist. Mr. Bernier requested a show of hands

of non-voters, introduced the head table and read the results of the first session of the 2002 town meeting held on March 12, 2002.

The Board of Selectmen presented the Town of Fremont 2002 Appreciation Award to Leon Holmes Sr. for his many years of service to the Town in various positions.

Mr. Bernier explained a few guidelines that must be followed:

- There will be a 3-minute limit at the microphone.
- If there are amendments to an article, they must be made one at a time.
- The rules of the meeting were explained and Mr. Bernier asked if there were any first-time attendees who need additional information of clarification, they should feel free to ask questions at any time.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of three hundred five thousand dollars (\$305,000) gross budget, for further renovations to the Joe Bonis Memorial Fields on Main Street and to authorize the issuance of not more than two hundred ninety-three thousand (\$293,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon; to authorize municipal officials to apply for, obtain, and accept federal, state or other aid, if any, for said project, furthermore to authorize the withdrawal of twelve thousand dollars (\$12,000) and all accrued interest from the Capital Reserve Fund created for that purpose.

The Selectmen and Budget Committee recommend this appropriation. (2/3 ballot vote required).

Mary Anderson moved the article. Lori Holmes seconded.

Jeff Rowell explained the history and rationale of this article and explained the improvements that would be made to the area.

Jeff made the motion to amend the article to read: To see if the Town will vote to raise and appropriate the sum of three hundred seventy-six thousand dollars (\$376,000) gross budget, for further renovations to the Joe Bonis Memorial Fields on Main Street and to authorize the issuance of not more than three hundred sixty-four thousand (\$364,000) of..... Gene Cordes seconded the amendment. Discussion followed. **Amendment passed by voice vote.**

Article as amended passed by hand vote — Yes-158 No-66.

Further discussion on article as amended.

Glen Smith called for the question. Mary Anderson seconded. Passed by voice vote to call for the question.

As ballot vote was required, the polls opened at 6:00 pm and remained open until 7:00 pm. Everyone present had voted by 6:25 pm, therefore, Mr. Bernier called the meeting back to order and the polls remained open until 7:00 pm.

The results of this article were read after article 15. The results were 263 votes cast. Yes-185 No 78

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of ten thousand five hundred dollars (\$10,500) to purchase a new four-wheel ATV to be used for public safety services; and fund police wages for OHRV patrols. The Selectmen and Budget Committee recommend this appropriation.

Gene Cordes moved the article. Lori Holmes seconded. Police Chief Janvrin explained the article and the purpose for the request. Discussion/questions followed and Chief Janvrin addressed these issues. Fire Chief Heselton spoke in favor of this article.

Article passed by hand vote – Yes-131 No-64.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of one hundred four thousand nine hundred sixty-four dollars (\$104,964) to work on streets and highways in Fremont as follows:

- a. North Road – shim and overlay hot top from Beede Hill Road to Leavitt Road (\$33,500)
- b. Beede Hill Road – shim and overlay hot top from NH DOT Section to Shirkin Road (\$24,230)
- c. Vetter Drive – shim and overlay hot top (\$20,840)
- d. Sunny Lane – grade and lay three inches of hot top (\$8,289)
- e. Abbott Road – overlay with hot top (\$18,105)

The Selectmen and Budget Committee recommend this appropriation.

Mary Anderson moved the article. Norman Martineau seconded. Guerwood Holmes, Road Agent, explained the process of shim and overlay and the rationale for the request for this article. Discussion.

Anne Beliveau made the motion to change item d from Sunny Lane to Riverside Drive. Town Counsel addressed the audience regarding a point of order and informed the meeting that an amendment to delete item d if fine, however, it cannot be changed to another road as it was not on the original warrant. Anne Beliveau then made the motion to eliminate item d. Kevin Zukas seconded the amendment to eliminate item d. Guerwood Holmes, Road Agent, spoke on the amendment.

Amendment defeated by voice vote.

Article as written passed by voice vote.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of twenty-seven thousand five hundred dollars (\$27,500) to repair, grade and pave the parking lot area adjacent to the Bonis Memorial Fields and NH Recreation Trail on Main Street. The State of NH to reimburse the Town one-half of said cost. The Selectmen and Budget Committee recommend this appropriation.

Mary Anderson moved the article. Lori Holmes seconded. Norman Martineau, Selectmen, explained the rationale and purpose of this article.

Article passed by hand vote - Yes-145 No-39.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) to purchase a set of Jaws for the Fremont Fire Department. The Selectmen and Budget Committee recommend this appropriation.

Moderator Bernier closed the polls for voting at 7 pm.

Gene Cordes moved article 11. Richard Clark seconded. Fire Chief Heselton explained the purpose of this article and explained the type of Jaws that are being requested. Police Chief Janvrin spoke in favor of the purchase of the Jaws. No further discussion.
Article passed by voice vote.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of sixty thousand five hundred dollars (\$60,500) to be placed in existing Capital Reserve Funds for the following purposes. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

- a. Police Cruiser \$10,000
- b. Radio Communication Equipment \$5,000
- c. Emergency Management Vehicle \$3,000
- d. Fire Truck \$12,500
- e. Property Revaluation \$15,000
- f. Rescue Vehicle \$5,000
- g. Highway Building \$10,000

Lori Holmes moved the article. Gene Cordes seconded. No discussion.

Article passed by voice vote.

Lori Holmes made the motion to not reconsider Article 8-12 at this meeting. Mary Anderson seconded. Motion to not reconsider Article 8-12 passed by voice vote.

ARTICLE 13: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of Highway Equipment and to raise and appropriate the sum of five thousand dollars (\$5,000) to be placed in this fund. The

Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

Gene Cordes moved the article. Richard Clark seconded. Guerwood Holmes, Road Agent, explained the purpose of this article. No discussion.

Article passed by voice vote.

ARTICLE 14: To hear the report of the Budget Committee and take any action the Town deems necessary.

Gene Cordes moved the article. Richard Clark seconded. Thomas Roy, Chair of the Budget Committee, spoke on the potential tax increase as a result of the articles presented. Mr. Bernier requested that the members of the Budget Committee stand and on behalf of the town he thanked them for their service to the town.

Article passed by voice vote.

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of one million six hundred six thousand thirty-four dollars (\$1,606,034.00) for general municipal operations, exclusive of all other warrant articles already voted. The Selectmen and Budget Committee recommend this appropriation.

Gene Cordes moved the article. Richard Clark seconded. No discussion.

Article passed by voice vote.

Results of Article 7 - Votes Cast -263

Yes - 185 No-78 Article passed by ballot vote.

Gene Cordes moved to not reconsider Article 7-15 during this meeting. Richard Clark seconded. Passed by voice vote to not reconsider Articles 7-15 during this meeting.

ARTICLE 16: By petition of more than 25 registered voters, To see if the Town will vote to go to the "Pay-per-Bag" user fee system of paying for solid waste disposal and raise and appropriate the sum of three thousand dollars (\$3,000) to purchase the necessary stickers for the first year of operation. If this article passes, the Effective date of "Pay-per-Bag" will be January 1, 2003. The Selectmen and Budget Committee do not recommend this appropriation.

Gene Cordes moved the article. Richard Clark seconded. Members of the Recycling Committee addressed the meeting in support of this article. Discussion followed. The selectmen spoke on why the board did not support this article. Many residents expressed their feeling on this article.

Lori Holmes called for the question. Gene Cordes seconded. **Passed by voice vote to move the article.**

Article defeated by voice vote.

ARTICLE 17: By petition of more than 25 registered voters: To see if the Town will vote to raise and appropriate the sum of seventeen thousand dollars (\$17,000) for the creation of a Fremont Town Information Channel. This Channel shall include all the benefits of local programming, namely public access, education and government (PEG) as provided for under the Federal Communications Act of 1996. The Selectmen and Budget Committee do not recommend this appropriation.

Mike Miller moved the article. Richard Clark seconded. Mike Miller spoke in favor of this article. The moderator requested that the Board of Selectmen address the audience on why they did not support this article and Gene Cordes explained the history of cable in Fremont and the fact that their initial investigation is that \$17,000 would not cover the cost to do what is requested. The moderator asked Dick Godfrey, Chester, to speak on the town information channel in Chester. Further discussion followed.

Lori Holmes made the motion to table this article and to request that the Board of Selectmen appoint a cable committee and report to the Town Meeting 2003 with a complete proposal for a Town Information Channel. Elizabeth Stanley seconded.

The Moderator requested a short break to discuss the motion with legal counsel.

Lori Holmes clarified the motion was to table this article (and she would make a motion under Article 21 to appoint a cable committee. Further discussion. Marilyn Baker called for the question. Adam Dreyer seconded. **Passed by voice vote to call for the question.**

Passed by hand vote to table Article 17.

Gene Cordes made the motion to not reconsider Article 16 & 17 during this meeting. Elizabeth Stanley seconded. **Passed by voice vote to not reconsider Articles 16 & 17.**

ARTICLE 18: To see if the Town will vote to accept deeded title for one thousand nine hundred fifty-eight feet (1,958') of Cavil Mill Road as designated on Plan # D-27417 from MDR Corporation, with a two year maintenance bond to be held by the Town. Gene Cordes moved the article. Richard Clark seconded.

Gene Cordes, Selectman, explained this article and made the motion amend the article to read: To see if the Town will authorize the Board of Selectmen to accept deeded title for 1,958 feet of Cavil Mill Road from MDR Corporation after all on-site improvements pursuant to Plan #D 27417 are completed and found to be satisfactory; or the remaining work bonded. The Town to hold a two-year maintenance bond. Mary Anderson

seconded. Guerwood Holmes, Road Agent, explained that the amendment was needed, as there are still on-site improvements that need to be done.

Amendment passed by voice vote. Article as amended passed by voice vote.

ARTICLE 19: To see if the Town will vote to accept deeded title for five thousand one hundred seventy-five feet (5,175') of Karlin Road and eight hundred seventy-five feet of Round Robin Loop as designated on Plan # D-25214 from Torromeo Industries and Henry Torromeo, with a two year maintenance bond to be held by the Town.

Gene Cordes moved the article. Richard Clark seconded. Guerwood Holmes, Road Agent, explained that this road is now ready to be accepted by the town and the town is still holding a bond on the road.

Article passed by voice vote.

ARTICLE 20: To see if the Town will authorize the Selectmen to enter into a lease arrangement with the People's United Methodist Church for use of a portion of the land behind the old Library (parcel 03-048) as additional parking area for the Church.

Mary Anderson moved the article. Elizabeth Stanley seconded. Discussion followed.

Article passed by voice vote.

ARTICLE 21: To transact any other business that may legally come before this meeting.

Lori Holmes made the motion to request that the Board of Selectmen appoint a Town Information Channel Committee and come before the Town in 2003 with a proposal.

Mary Anderson seconded. **Passed by voice vote.**

Richard Heselton spoke to the audience about the cooperation in this town between all departments.

On behalf of the Board of Selectmen, Richard Clark thanked Heidi Carlson for the great town report that she produced for the Town. All in attendance agreed with this.

Mary Anderson made the motion to adjourn the meeting at 8:30 pm. Lori Holmes seconded. Meeting adjourned at 8:30 pm.

Respectfully submitted,

Lori A. Holmes
Town Clerk

Town Meeting as "...the purest form of democratic government...in use for over 300 years and still today, it has proven to be a valuable means for many taxpayers to voice their opinions and directly effect change in their communities. Here in this ancient American assembly, you can make your voice heard as you and your neighbor decide the course of government closest to you."

*William Francis Galvin
Secretary of the Commonwealth of Massachusetts - January 2002*

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of The Board of Selectmen
Town of Fremont, New Hampshire
Fremont, New Hampshire

In planning and performing our audit of the Town of Fremont, New Hampshire for the years ended December 31, 2001, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

Our audit disclosed no matters that were considered material weaknesses as defined above. Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or record keeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork. Areas of opportunity for further consideration include:

- ☐ Continued development of accounting systems and staff training
- ☐ Procedures for reconciling general ledger accounts
- ☐ Development of Library accounting records
- ☐ Continued preparation for GASB #34 implementation

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen
Town of Fremont, New Hampshire
Fremont, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Fremont, New Hampshire as of and for the year ended December 31, 2001 as listed in the Table of Contents. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance auditing standards that are generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group that should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Fremont, New Hampshire has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Fremont, New Hampshire, as of December 31, 2001, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Fremont, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

The Mercier Group, a professional corporation

REPORT OF THE BUDGET COMMITTEE

Budget Committee members, Department Heads, Administrator, and the Office of Selectmen reviewed each element of the Town's budget rationale at regularly scheduled weekly meetings starting in early November. The initial school budget was received in mid-December with review held during scheduled meetings in January. The Budget Committee held its public hearing for deliberation on the budgets on Feb 5th and 7th.

The budget review was similar to the steps used in past years; except that the Budget Committee asked each Department Head and the School Board to present a budget that was within two percent (2%) of last year's budget. This goal number contributed much to the deliberations and budget review process.

Town:

The proposed 2003 budget for the Town as supported by the Budget Committee is \$1,995,717 inclusive of supported warrant articles. This appropriation request is \$22,665 less than the appropriations as recommended by the Selectmen. The Budget Committee did not vote to recommend expenditures for warrant articles 9 & 10 dealing with the proposed Suburban rescue vehicle and did not recommend expenditures for warrant 14, the "pay-per-bag" warrant article. The Budget Committee and Selectmen did not recommend support for warrant 8, the purchase of new playground equipment at the Fremont Recreation Fields. The budget as recommended by the Budget Committee reflects approximately 9% reduction in appropriations from last year or a decrease of ~\$210,000. The police, fire and highway budgets all came in within the 2% as requested. Projected revenues for 2003, however, are also down. With a revenue decrease of ~\$250,000 the net budget appropriations reflect an overall increase of ~\$40,000. The overall net budget tax impact, when adjusted for asset growth, will likely remain relatively flat for the year 2003.

School:

The operating budget for the School as proposed by Budget Committee represents almost a half million-dollar increase over last year's budget; however is approximately \$185,000 less than the net budget appropriations requested by the School Board. The Budget Committee applied the same 2% limit to the school budget as was applied to the town, and then additionally allowed for additional increases as offset by increased revenue to be included in the final budget appropriation for a total increase of approximately 8% in appropriations. The Budget Committee appropriation, without warrants, (when adjusted for estimated asset growth) would likely impact the tax rate by approximately \$0.20 while the proposed budget as recommended by the School Board would reflect a likely increase in the overall tax rate of a projected \$1.13.

A warrant to build an addition to the Ellis School as presented by the School Board was unanimously supported by the Budget Committee. The proposal of a \$4.3 million addition to Ellis School was thought to be an appropriate proposal to address the overcrowding at Ellis School. The impact to the tax rate for 2003/04 was projected by the School Board to be a \$0.38 increase with an additional \$1.26 tax impact in the 2004/05 school year. A citizen's petition for the building of middle - high school was presented also. The Budget Committee and School Board voted not to recommend this proposal. The budget impact as presented for this proposal for the 2003/04 year is estimated at \$1.56 with an additional impact in following years of \$2.57 for a total impact of an estimated \$4.13. It is believed by the School Board and the Budget Committee that the citizen's warrant also does not take into proper consideration the additional operating budget increases required of the proposal. The tax impact considerations of the Fremont only new middle-high school continue to reflect an overall tax impact greater than most residents can likely bear.

Respectfully submitted,

Members of the Fremont Budget Committee

Thomas Roy - Chairman
Mary Stiner - Co- Chair
Judith Peterson - Secretary
Marilyn Baker
Donald Gates, Jr
Charles Kimball
Richard Clark - Selectman Representative
Mary Jo Dzioba - School Board Representative

REPORT OF THE BUILDING /CODE ENFORCEMENT DEPARTMENT

This year the Department issued a total of 147 building permits, three (3) more than in 2001. The largest increase in the type of permits was in single family homes, (10 more in 2002 than in 2001). This rate of growth reflects that Fremont is still growing at an above average rate and shows little sign of slowing down.

The office went through a major change this year with the hiring of Fremont’s first full-time Building Inspector/Code Enforcement Officer. I was pleased to take the position in September and have been met with nothing but helpful and friendly greetings from the good citizens of Fremont.

This office is not only responsible for the issuance of permits but also assists the Town and it’s citizens with administering the other codes and ordinances adopted by the Town. I have started a program as directed by the Board of Selectmen of notifying citizens in Town that they may be in violation to certain parts of the Town’s Zoning Ordinance or Site Plan Review Regulations, and have had positive feedback from the citizens concerning compliance with the Ordinances. I look forward to the contunied cooperation of all the citizens of Fremont.

I would also like to thank the Board of Selectmen, Town Hall staff and the other Town Departments for making the transition to a new full-time position very easy and thank you for your support of my office. If anyone has any concerns, comments or questions please contact me at the office, 895-2226 x17. Thank you.

TYPE OF PERMITS*

Garages	22	Porches	13
Decks	23	Commerical	2
Sheds	15	Municipal	3
Additions	25	Renovation	17
Barns	3	Chimney	1
Pools	16	Dwellings	30 (9 mobile homes)

* The total type of permits is greater than permits issued as some permits are for more than one item.

Respectfully submitted,

Paul W. Colby
Building Inspector/Code Enforcement Officer

REPORT OF THE CABLE ACCESS STUDY COMMITTEE

At the March 2002 Town Meeting, it was decided that a cable access channel study committee would be formed and report their findings back to the Town at the March 2003 Town Meeting.

Local access cable channels generally have three specific purposes, government, education, and public access. Some communities have just one or two of these purposes, say government or education, and others offer all three purposes. (Public access, Education and Government, with the acronym PEG).

The purposes may be defined as follows:

- **Public Access (PEG):** Channel time available on a non-discriminating basis for non-commercial access programming by residents of local non-profit organizations (ie: government, education, community events, and general information).
- **Educational Access:** Channel time for non-commercial educational programming only (ie: School Board meetings, school athletic events, graduation).
- **Government Access:** Channel time reserved for non-commercial government programming only (ie: Selectmen, Planning Board, Zoning Board, Budget Committee meetings)

Depending on the cable TV franchise contract, the local channel access costs are generally funded by the contract through equipment provided by the cable service provider and franchise fees. These costs are built into the monthly cable fees paid by subscribers.

The Cable Access Channel Committee had meetings and discussions with the following:

- Jerry Reese of A T & T Broadband, Fremont's cable service provider
- Local Access Channel staff and volunteers from Chester, Salem, Epping, and Hudson
- A supplier of video equipment

Additionally we toured Chester's live broadcast meeting room and studio facilities

Fremont's current contract covers twenty (20) years and runs from 1988 to 2008. The contract calls for some equipment to be provided to the Town in the beginning of the contract and requires that the cable company broadcast taped programming presented to it by Fremont. There is no ongoing franchise fee built into the contract. The Committee was unable to find any evidence that any equipment was ever delivered to Fremont. Until recently there had been little or no interest in the equipment or the ability to broadcast taped programming. Because of renewed interest, the ability to broadcast taped programming has recently been made available to Fremont through a location of AT&T in Exeter; although final details are not yet available.

If Fremont wishes to create its own cable access channel it will be necessary to:

1. Decide purpose of cable access channel, Government, Education, or Public Access.
2. Decide how the cable access channel will be operated and managed. The day-to-day operations could occur by individuals who are employees or volunteers. Minimally ten (10) hours of work per week would be needed. If multiple sites, portable cameras and taped programming is utilized, more hours would be needed

The management could occur in the following ways:

- a. By the Board of Selectmen directly
 - b. By an individual (employee or volunteer) who is appointed by the Board of Selectmen
 - c. By a Committee (employees or volunteers) who are appointed by the Board of Selectmen
3. Identify facilities for operations and equipment storage. Choose a meeting room or rooms for regular meeting taping and broadcasting. Cable and install necessary equipment. Possible facility locations include the Town Hall, Ellis School, and the Fremont Public Library.

(Consideration was given to the Public Safety Complex. Although good meeting facilities do exist, it was felt that because of the emergency nature of the operations of the building, that it was not a good choice.)

4. Identify equipment needs to be provided by the cable company or purchased. Install fiber optic cable from Exeter to Fremont.

5. The cost for the equipment not provided by the cable company and the fiber optic cabling can be funded by an appropriation at a Town Meeting or by incorporating these costs into the current cable franchise contract. Assuming expenses of roughly \$17,000 and fiber optic cabling costs of approximately \$42,000; and \$4,500 per location for a single camera live broadcast capacity; a one time impact on the tax rate of under \$0.32 per \$1,000 of valuation would be needed if this were taxpayer funded.

On the other hand if these costs were incorporated into the current cable contract, they could be recovered from subscribers as a franchise fee included on their monthly bill. Depending on actual costs and the number of subscribers it is estimated that the additional cost would be approximately \$1.00 per month (per subscriber) for the five year remaining duration of the existing cable contract.

Some of the benefits of a community access channel would be:

1. Development of a Town bulletin board which can post public meeting schedules, public contact information and a listing of community events.
2. Inform the public of matters of community interest such as schedule changes or needs for volunteers or donations.
3. Minimize the need for a community newsletter and the cost associated with it.
4. Creates a video record of public meetings and may enhance community awareness of Town and School government.

Drawbacks to creating a community access channel include:

1. Not all residents have access to television cable services and not all cable subscribers receive their cable services from the same head end and therefore some would not have access to a Fremont access channel.
2. Televising public meetings may alter public meetings in terms of openness of discussion.

In summary, if Fremont decides to have a community access channel this study committee recommends the following:

1. The purpose should be public access (PEG).
2. Space in the Town Hall should be identified and developed for storage and studio operations.
3. Funding for the equipment, cabling, and operating supplies be achieved by amending the existing contract with Fremont's current TV cable company and establishing a franchise fee to recover the costs from subscribers over the remaining terms of the current contract.

4. The management of the community access channel occur by a committee appointed by the Board of Selectmen.
5. The day to day operations occur through the use of volunteers.

Respectfully submitted,

Cable Access Study Committee Members

REPORT OF THE CEMETERY SUPERINTENDENT

We have four public cemeteries in Fremont. This includes the Village Cemetery on Main Street; the Leavitt Cemetery on Leavitt Road; the Currier Cemetery on South Road; and the Sleeper Cemetery on Martin Road.

There are also several; private cemeteries throughout town. One on top of Beede Hill Road; one behind Effee Hooke's farm house on 111A a half mile before the Danville town line; and there is also one behind the former Pettengill House at 910 Main Street.

We have very few lots left in the Village Cemetery. However, in the Leavitt Cemetery there are lots enough to last the Town for a long time, perhaps as much as two or three generations.

The cost of each cemetery lot is three hundred dollars (\$300). This is paid to the Town Clerk, who obtains lot information from the Superintendent and prepares a deed to such lots. She and the Board of Selectmen sign this deed, and return it to the buyer for recording and proper safekeeping. Of these funds, \$80 are for the sale of the lot; and \$220 go to the Trust Funds for perpetual care of cemetery lots.

Dick Rand and Roland Kimball are the grave diggers. They have had that job since 1960 and they are good at it.

Sue Boden and I take care of the upkeep of all cemeteries. All of the equipment is owned and maintained by the Town of Fremont. Sue and I enjoy working in the cemeteries. We also take care of the grass cutting at the Old Meeting House, and last of all, cut the grass at the Town Hall. We are looking forward to another year.

Cemetery Rules and Regulations

- Flowers are allowed to be placed around monument.
- There will be no planting of shrubs or trees in any of the Cemeteries.
- No flaming ornaments of any kind are allowed.

These rules and regulations are per order of the Selectmen of Fremont.

Thank You for your cooperation.

Respectfully submitted,

Don Denney
Superintendent of Cemeteries

REPORT OF THE CONSERVATION COMMISSION

This year's major focus for your Conservation Commission was to bring forward for residents' consideration a ballot amendment THAT, IF PASSED, WOULD designate an approximately 1,500 acre parcel known as Spruce Swamp in the middle of Fremont, as a prime wetland, as defined by NH State Law. In March 2003, on Town voting day, residents will have the opportunity to accept or reject his ballot proposal. Please remember that Town voting day is Tuesday March 11, 2003. Polls are open 8:00 am to 7:00 pm at the Safety Complex. It is on voting day that paper ballots are cast for town officials, and also amendments such as this one.

Spruce Swamp is Fremont's most important environmental resource. It is the largest contiguous wetland in Rockingham County. It sits on top of the town aquifer and is responsible for purifying and replenishing every well in Fremont. Since we have no public water supply, safeguarding the source of our drinking water is a very high priority. Were the swamp to become polluted, or damaged by construction, we as residents would pay a dreadful price — the loss of abundant, clean water. Designating Spruce Swamp as a prime wetland is the single most effective step we can take in protecting our wells.

Spruce Swamp also serves a vital role in flood control. Serious floods can and do occur in our community; many residents remember the severe floods in the mid 1990's when homeowners along the Exeter River suffered property damage and when downstream a portion of Route 101 collapsed. A large wetland, such as Spruce Swamp, acts as a giant sponge to hold back flood water. Without it, the area would experience more frequent and more severe flooding.

The Swamp is also a beautiful and unique environmental treasure, home to abundant plant and animal species, some rare and endangered. It offers enormous educational possibilities for our children and recreational possibilities for ourselves, such as hunting, nature appreciation, and exploring.

While it is true that all wetlands are already protected by both town ordinance and also by state law, in practice this protection is weak. Exceptions are routinely granted allowing dredge and fill and other construction activities in ordinary (non-prime) wetlands. The applicant has only to show that avoiding the damage to the wetlands would be expensive or that he or she has chosen the least damaging of several alternatives. However, once an area is designated a prime wetland — as this amendment seeks to do — protection is much stronger. To disturb a prime wetland an applicant must show that the proposed activity causes no damage.

It is also important to know that prime wetland applications and enforcement are done entirely by the state. This means no additional expense to the town and hence no

effect on the tax rate. Put another way, this proposal does not involve a request for town funds and does not affect the town budget.

Using the most modern and accurate methods available, the exact wetland boundaries of Spruce Swamp were surveyed this summer. The result is a detailed map, upon which has been superimposed the town tax map, so that everyone can see exactly the areas affected. This map is available for inspection at the Town Hall during normal business hours.

Following the legal procedures spelled out in the authorizing state legislation, your Conservation Commission undertook this survey and then forwarded its recommendation (that Spruce Swamp be designated a prime wetland) to the Planning Board. That Board endorsed it and conducted the required public hearings. As stated above, the result is the proposed Spruce Swamp Prime Wetland ballot amendment that you will have the opportunity to vote on in March. In addition to being supported by the Planning Board, the amendment is also endorsed by the Selectmen.

In addition to working on the Spruce Swamp initiative, the Conservation Commission discharged its responsibilities to review dredge and fill applications, and to monitor compliance with environmental laws. The most significant development project that we reviewed is a new subdivision near Karlin Road. This area is close to the northeast corner of Spruce Swamp and we are happy to report that the developers granted the Town a 13 acre conservation easement along the border with the swamp area, which will provide adequate protection.

As population and building increase, pressures on the resources that make life in town pleasant and even possible also increase. Our town, our homes basically sit on top of our drinking water. Everything we allow to fall to the ground winds up eventually in some form in our and our neighbor's stomachs. Think twice about that oil leaking from your car, the chemicals on your lawn, the substances in your septic system.

The photographs on the next page highlight Spruce Swamp in winter; and were taken by Commission Member Bill Knee.

Respectfully submitted,

The Fremont Conservation Commission

REPORT OF THE EXETER RIVER LOCAL ADVISORY COMMITTEE

The year 2002 marked the Exeter River Local Advisory Committee's (ERLAC) sixth year. Education of the general public and local decision makers remained top priorities, with the production of a beautiful brochure highlighting the river and all it contributes to the region. Mother Nature sent a late snow and sleet storm to Exeter for the 2nd Annual Exeter River Alewife Festival held on May 18th, keeping migrating Alewives and river supporters from attending. Plans are already underway for the third Festival next May.

For a third year, ERLAC representative Patrick Seekamp of Brentwood and his brother Michael led another wonderful workshop on vernal pools at the end of April. Children and adults spend hours in the Danville Town Forest identifying salamanders, turtles and other creatures. Development of forest land threatens vernal pools in every watershed community.

Protection of open space and wildlife habitat were topics of discussion at monthly ERLAC meetings. With support from the NH Estuaries Project, ERLAC representatives and staff from the Rockingham Planning commission met with Planning Boards and Conservation Commissions in the watershed to recommend strengthening land use regulations to protect shoreline and uplands.

For 2003, ERLAC will be hard at work on the 3rd Annual Exeter River Alewife Festival, held along the river on May 31st in Founder's Park in Exeter. Local Conservation Commission, Arts Associations and Historical Societies are invited to join us as we celebrate the natural, historical and cultural diversity of the watershed.

ERLAC continues to meet the fourth Tuesday of each month at 7:00 pm in the conference room at the Rockingham County Nursing Home in Brentwood. There is one representative position open from the Town of Fremont. Please call the Rockingham Planning Commission at 778-0885 for more information.

REPORT OF THE FIRE DEPARTMENT

To the Residents of Fremont, NH - Where does the time go? From 1956 to 2002, I've spent 46 years as a member of the Fremont Fire Department.

When I first joined, we had a 1932 Lincoln car made into a fire engine, a 1936 Chevrolet oil truck made into a tank truck and a 1926 Model T commercial fire engine using soda and extinguisher system. Later we sold this Model T to Gas Light Village in New York.

Today we have a 2002 American LaFrance Class A Engine, a 1988 Mack Tanker combination, a 1980 GMC 1250 gallon pumper, a 1976 Mack 7600 gallon tanker, a 1960 GMC engine made into a forestry truck, a 1978 homemade 6 wheel drive forestry tanker, a 1954 Army surplus Dodge 4x4 for woods work, a ridged hull inflatable boat purchased by the Firemen's Association. We also have a Dive Team and a Cold Water Rescue Team and a new 16 foot special services trailer for Hazmat equipment with high angle rescue equipment and lighting. It also has a place for the Dive Cold Water Teams to store equipment as well as a place to dress. We can also use this trailer for a decontamination unit. This was done with no cost to the taxpayer.

In 2002 the Firemen's Association sponsored a drive to purchase a thermal imaging camera. This was quite successful. We wish to thank everyone who donated so generously.

Membership is still growing and training is doing well. We recently had two graduate from Firefighter I and one more complete Firefighter II. Congratulations to all of you who have taken these courses to keep up with standards at a sacrifice of more than 200 hours, per person.

My duties are also growing with the Town's growth. There are more inspections and more plans to review due to new subdivisions. Many requests for information from builders and residents are coming in regularly. It is difficult trying to keep up on rules and regulations and technical bulletins on equipment and repairs.

It is becoming more difficult and expensive to keep up with regulations from NFPA. For example, pump testing is \$400.00 per pump, per year, which seems often for the small town department. Hose and ladder testing has to be done every two years. SCBA (Air Pack) is done every year (we have 16) and SCBA bottle testing (32) every five years and extinguishers tested every year. This all takes time and money.

Starting January 2003, the State Department of Environmental Services has BANNED ALL back yard trash burning in barrels. This goes along with a long list of other items. There are handouts at the Safety Complex and Town Office regarding this order. The Building Inspector also has copies.

The State Department of Resources and Economic Development, Division of Forestry Lands, REQUIRE A PERMIT for outside burning. They also have a list of what is permissible to burn outdoors; and when you can burn. Handouts for this are also at the above-listed locations. PLEASE call Dispatch and let us know when and where you are going to burn. Someone will always see smoke and report it which we must check out. To get a PERMIT or advise us you are going to burn, call RAYMOND DISPATCH at 895-4222. They will in turn call one of the officers on duty and they will call you back with a permit. By State law NO PERMITS can be issued until 5:00 PM unless it is raining or surrounded by snow. Thank you for your help in this matter.

Now for the THANKS to the Department and Association members and their significant others for all the time spent with the Fire Department. Also the staff in the Police Department, Town Office and Fire Department Office. I also wish to thank all the people and businesses who donated to the Fire Department, be it labor, materials, advice, equipment or funds.

To residents with long driveways, PLEASE make sure there is a street number in plain view at the end of the drive. ALSO, please clear snow away near your home so you can park two pieces of fire apparatus side by side. If equipment is parked one behind the other it becomes difficult to work and shuttle water. Do not clear over an area over your septic system as this will not support the weight of the equipment. One last request, PLEASE keep fire alarm systems serviced and clean. False alarms cost money and cause unnecessary risks.

In reference to the September 11th events - we have received many paintings, letters, poems and donations. I would like to share with you an experience that Betty and I had on Sept 8th this year. We attended the State Firemen's convention at Waterville Valley and early on Sunday morning we went to top of the mountain for a sunrise ceremony. Sponsored by the Waterville Valley Police and Fire Departments, it began with a color guard from many Departments. They had a fly over by the Connecticut National Guard and a female firefighter, Lt Meredith Lund, sing the Star Spangled Banner. A Department Chief from FDNY also spoke, I will never forget this beautiful warm Sunday morning, seeing the formation of A-10's coming out of the Valley mist and fly the missing man formation while Meredith Lund was belting out the Rockets Red Glare. After the fly over, a US Senator stepped to the microphone with tears in his eyes and said "God I am Proud to be an American". He just could not do his speech as he was so emotional. I will never forget this ceremony.

Respectfully submitted,

Richard C Heselton
Fire Chief

REPORT OF THE FREMONT FOREST FIRE WARDEN AND STATE FOREST RANGER

The Fremont Forest Fire Warden, Fire Department, and State of NH Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Fire Department to find out if a permit is required before doing **ALL** outside burning. Fire permits are mandatory for all outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of RSA 227-L: 17, the fire permit law and other burning laws of the State of NH are misdemeanors punishable by fines up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

A new law effective January 1, 2003 prohibits residential trash burning (RSA 125-N). Contact NH Department of Environmental Services at (800) 498-6868 or www.des.state.nh.us for more information.

Help us to protect you and our forest resources. Most New Hampshire wildfires are human caused. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible from the street. **Only you can prevent wildland fires.** Contact the Fremont Fire Department by calling Raymond Dispatch at 895-4222 or the Station at 895-9634; or the NH Division of Forests and Lands website at www.nhdfi.com or call 271-2217 for wildland fire safety information.

REPORT OF THE FOOD PANTRY

The Fremont Food Pantry has seen its busiest year in 2002. As the economy continues to change and the unemployment rate rises, the demand for our food pantry has increased as well.

We witnessed some very sparse food shelves this past spring and summer, but were relieved by food drives that were sponsored within the community. The annual food drives by the Post Office, Ellis School, and the local Scouting Troops were extremely successful. These food drives helped us to restock the pantry and were a blessing to us more than words can describe.

The Pantry continues its efforts in helping residents in need year round. As always, we provide holiday food baskets at Easter, Thanksgiving, and Christmas.

The Food Pantry is a non-profit organization that runs solely on donations from people and organizations within the community. Although the demand is higher in the winter months, we are in continuous need of non-perishable items and monetary donations year round.

In closing, we would like to take this opportunity to thank all of you who have generously donated to the pantry. Your continued financial support and volunteerism is greatly appreciated.

Respectfully submitted,

Debbie Burke
Kathy Arsenault
Stephanie Sim

REPORT OF THE HEALTH OFFICER

My thanks to all the residents of Fremont in 2002 for remaining healthy and keeping health hazards to a minimum. We had no dead crows or bluejays that tested positive for West Nile Virus.

The culprit this past year was the deer tick and there were some reported cases or Lyme Disease in town. We do hope that these cases were found and tested soon enough to prevent future debilitating symptoms.

You do need to check yourself and any members of your family carefully for the tiny deer tick every time you have been out in the grass, garden, or fields. They do not fly but do crawl onto branches or tall grass where they can be brushed off onto you. If you have pets that go out of doors, they need to be checked for ticks every time they come back into the house.

The State Laboratory will be testing crows and bluejays for West Nile Virus again this coming summer. If you find a dead crow or bluejay, do not touch it. Please call the Health Officer at 679-8630, the Police Station at 895-2229, or the town Hall at 895-2226 as soon as possible to report the exact location of the dead bird.

The NH Department of Environmental Services has informed the town that private well owners should have their wells tested for safety regularly. Only a water quality test, by a competent laboratory can assure that your family is protected. Drinking water from private wells in New Hampshire sometimes contains contaminants at levels that can pose health risks. A few private wells are being monitored for Methyl t-butyl ether (MTBE gasoline additive) but most of the wells in Fremont contain manganese and iron that may cause an odor and are not considered to be harmful to your health. However, they do cause stains.

The following contaminants, some occurring naturally and others man-made, have been found in private well water in New Hampshire:

- | | | |
|-----------|------------|--------------------------------------|
| * Arsenic | * Bacteria | * Flouride |
| * Nitrate | * Radium | * Radon |
| * Sodium | * Uranium | * Volatile Organic Chemicals (VOC's) |

My grateful thanks go to all the officials and employees of the Town that helped me this past year to make my job easier and more fulfilling. Stay healthy and enjoy life!

Respectfully submitted,

Trudie Butler
Health Officer

REPORT OF THE TOWN HISTORIAN

Life in Fremont continues to be engaging, interesting, and exciting as residents continue their march into the 21st Century.

Town records for 2001 reveal that the FIRST CHILD born in the 21st Century from Fremont is BENJAMIN SCOTT MURPHY. He was born January 9, 2001 and is the proud son of Jay & Maribeth Murphy. Ironically, the first Fremont death in the 21st Century was that of Aubrey S. Thomas who died on January 9, 2001. The first couple married in Fremont in the 21st Century was Brian P. Hopkins & Maribeth Iavolo, both of Fremont on Jan. 30, 2001.

The last Fremont child born in the 20th century was AARON MICHAEL ROGERS, son of Richard & Sharon Rogers, born December 12, 2000. The last couple to be married in Fremont in the 20th Century was John P. Bergin of Fremont & Carol A. Burnham of Dover, NH on November 15, 2000. The last Fremont person to die in the 20th century was six-month-old Kiera Federico-Bunker, twin-daughter of Richard E. Bunker & Susan Federico on December 19, 2000. Ironically, Kiera Federico-Bunker & Aubrey S. Thomas both lived opposite each other on Danville Road.

The year 2002 started off with Fremont dominating newspaper headlines thanks to an unusual onslaught of newsworthy events that happened in January.

On January 4, 2002, 18-year-old Elijah Wallace of Brentwood was caught by Fremont Police hiding in the closet of a house on Bean Road which he had broken into. He claimed he was making and sending anthrax-tainted letters to government officials in Washington D.C. - including the President of the United States. These threats caused serious concern during the autumn of 2001 because the nations' national security was already in a heightened state of alert due to the Attack On America which took place on September 11, 2001. The United States was already fixated upon, and fearful of the damage and deaths caused by several anthrax letters that had been sent through the U.S. Mail Service. Mr. Wallace brought unwanted national attention to Fremont as his arrest and story was circulated in countless newspapers and media across the nation. He plead guilty and is currently serving jail time as a result of his ill-conceived actions.

Main Street resident, Brad Shattuck reported to local police that he and his family witnessed two UFO's hovering over the Olson Gravel Pit (nearly opposite Jimmy Dean's Restaurant) during the evening of January 16th. "There was no sound, not a hum, not a whisper, from the two large Unidentified Flying Objects as they floated one above the other," said Shattuck. This sighting brought back to mind for many long-time Fremont residents, the late summer of 1965 when several UFO's were sighted around Fremont - mostly down by the Route 107 Powerlines - as well as throughout southeastern New Hampshire. The 1965 Fremont Sightings were published in the national best-selling

book titled: "Incident At Exeter" by John G. Fuller. Millions of copies of this book sold throughout the nation after it was published in early 1966.

Tragedy struck Fremont at 62 Cavil Mill Road on the morning of January 26 when 37-year-old Pierre Bouraphael was accidentally shot dead in his home. This was the first accidental gun shooting of a Fremont resident since 1947. That year Jennie West was accidentally shot to death by her son while sitting in her living room in an apartment house that formerly stood until 1995 on Main Street where Glen's Auto Sales is currently located. Mr. Bouraphael operated a popular Lebanese Restaurant in East Hampstead, NH at the time of his death.

In the on-going saga of Fremont trying to form a Cooperative School District with neighboring towns, it was again disappointed. A proposed 10-year tuition contract between Epping & Fremont failed when Epping voters decisively nixed a proposal to build a brand-new High School in March 2002. After this vote, Fremont at it's Annual School District Meeting voted overwhelmingly to NOT build it's own Middle-High School for a second year in a row, but did strongly vote in favor of forming a four-town School Cooperative with Deerfield, Auburn & Candia. The so-called Rockingham Cooperative School District subsequently failed at the March 2002 School District Meetings when Auburn opted NOT to form the Cooperative - preferring to stay with the Manchester School District. At a subsequent Three-Town School Cooperative vote held in May, Candia then decided NOT to support a three-town cooperative without Auburn in the fold. Despite Deerfield barely approving the May vote, and Fremont overwhelmingly supporting the three-town Co-op proposal, it became obvious that attempting to form a two-town co-op between Fremont & Deerfield would not pass in Deerfield - especially since Concord began courting Deerfield to tuition its students to Concord High School - thus solving Deerfield's school dilemma for at least another ten years. Therefore, it was decided in May to disband the Rockingham Cooperative School Planning Board. Fremont was now back at first base with no where to go with it's High School options. At the time of this writing, talks between Fremont and Sanborn Regional High School in Kingston may yet bear fruit. Only time will tell.

Liberty Square Market (formerly Vining's & Bosworth's Market) re-opened in late January after a 3 1/2 year closure. Originally built as a 2 1/2 story building, this ancient landmark was opened as Daniel B. Chase's Store in 1820, and is one of the oldest general stores still operating in New Hampshire. It suffered from serious fires in 1934 and 1985. After the fire of 1934, the second floor of the building was eliminated and the roof lowered to it's present 1 1/2 story appearance. The store takes it's current name in honor of LIBERTY SQUARE - where during the raising of a Liberty Pole in Fremont Village, a Civil War Riot took place on July 4, 1861 - the first Civil War Riot to take place in New England.

The new Fremont Public Library was opened to much applause and gratitude on

September 15 when over 350 people attended the Open House. A short speech of thanks & appreciation was given by Library Trustee Matthew Thomas, followed by a ribbon-cutting ceremony where Librarian Barbara B. Bassett proudly cut the red ribbon. Residents beamed from ear to ear when touring for the first time their new modern library - a genuine testimony to the far-sighted vision of Fremonters who recognized the long-over-due need for such a practical and sensible library facility. This Open House took place exactly 108 years to the day when Fremont opened its first Public Library Building (opposite Liberty Square Market) in 1894. The opening of this new, modern facility truly represented one of the great memorable days in Fremont's history.

The Fremont Memorial Ballfields underwent major renovation in 2002. Additional land was cleared to make way for more ballfields as well as a storage and concession stand building. These ballfields date back to 1973 and have proven a real asset to the Town and its athletic programs ever since. Fremont has fielded some outstanding soccer & baseball teams during that 30 year period. Those unstoppable and phenomenal FREMONT OUTLAWS have again captured the state title for the THIRD year in a row for their class division. To say the least, these dynamic soccer players have brought immense pride to the town of Fremont. Let this fair warning resonate from one end of New Hampshire to the other - DON'T EVER under-estimate these determined young Fremonters - they are famous for their hard work and amazing comebacks! Kudos for a job well-done!! Keep up the good work.

George Steele became Fremont's honored recipient of the Boston Post Cane in May as the town's oldest resident. Mr. Steele observed his 90th birthday in June.

Fremont lost its last two centenarians during 2002. Mildred (Emerson) Hall aged 103 years, 4 months & 20 days died on June 5 at Fremont. She was born in Fremont on Jan. 16, 1899. She was followed by Ruby (Brown) Weir who died on August 5 at age 103 years, 7 months & 7 days at Bedford, NH. Ruby was born at Fremont on December 29, 1898 and spent much of her life in Manchester. Both of these residents have the unusual honor of having lived in three separate centuries.

A large cache of firearms and ammunition were found at Fremont Storage on Main Street when two robbers broke into a storage unit in October and accidentally discovered this jackpot collection of weapons and ammo - much to the dismay (and probably surprise) of Lawrence, Massachusetts Police Sergeant - John Sapienza. Sapienza allegedly stole some of the weapons and ammo from the Lawrence Police Department where he worked. Mr. Sapienza has been indicted on three counts of theft by receiving stolen property.

The largest Fremont voter turnout during a non-Presidential Election year, took place on November 5th when 1,175 voters participated in the election. Unfortunately, it was still a poorer turnout than in our neighboring towns.

A new office for the Town Clerk was built on the first floor of the Town Hall in 2002. The room occupies the space originally used in the Town Hall (when dedicated in 1911) as a coat room and ticket booth. Later two restrooms were built out of space originally occupied by the ticket booth and the formerly larger coat room. These two restrooms, and the remaining portion of the old coat room, were all eliminated during Town Hall renovations in 1989.

Fremont successfully won its appeal in the NH State Supreme Court requiring the Town to NOT pay over \$90,000 to MDR Construction and Torromeo Industries for presumed lost revenue caused by the town's 1999 Growth Control Ordinance being ruled invalid by a lower court in 2000.

OTHER NOTABLE EVENTS in 2002

The winter of 2001 and 2002 had very little snow. Spring had a small amount of rain, but the summer of 2002 was very hot and muggy with very little rain. The drought continued over from 2001. There was an unusual pro-longed foliage season with leaves staying on the trees as late as early November. Usually most leaves fall off by the end of October. But for a few exceptions, the foliage was drab and not overly picturesque around this section of the state. We had a very unusual 12 inch snowstorm on Christmas Day. It was the first time in decades that a significant snowfall took place on this popular holiday.

Jimmy Dean's Restaurant at 665 Main Street opened in early June of 2002. This eatery quickly gained notoriety for its food and good service when it received excellent reviews in local newspapers.

The Poplin Way Assisted Living Facility opened in June as part of the Colonial Poplin Nursing Home complex at 442 Main Street.

The Glass Blossom Flower & Gift Shop at 518 Main Street opened on July 20.

Fremont Storage at 15 Main Street erected two new large storage buildings directly behind the old Laundromat building that was built in 1973.

A flagpole was erected for the first time in the Fremont Village Cemetery in 2002; and a new handicap ramp was built on the west porch of the historic 1800 Meeting House. The Meeting House was also painted this year.

During the summer, the section of Tavern Road between Lynnette Lane & 117 Tavern Road was paved for the first time.

The 2002 Grass Drags & Water Racing Event held each year since 1985 on Peterson's

Fields on Martin Road, attracted roughly 12,000 spectators despite a wet, rainy Columbus Day Weekend.

The Fremont Historical Society held several interesting programs including "Fascinating Highlights of Fremont History; Crime, Criminals & Tragedies in Fremont;" and a Tour of the Old Meeting House & local Graveyards - all designed to help educate and entertain both old and new residents alike in the truly amazing heritage of our special town. The Society hopes to sponsor several more interesting programs in 2003.

New homes were built on Compromise Lane and Treaty Court in the very southwest corner of Fremont just over the Sandown town line. Many other new homes, barns, garages, and out-buildings were built throughout the town in 2002.

The Fremont Conservation Committee has held Public Informational Meetings to help inform townspeople about the importance of preserving and protecting one of Fremont's most important environmental assets - Spruce Swamp. This huge swamp has contributed immensely to the natural and social history of the town, not to mention some fascinating legend & lore associated with this massive wetland. More informational meetings will take place in 2003.

Two important hardcover books featuring unique bands, singers and music around America, feature the fascinating story of "The Shaggs" - Fremont's pioneering all-girl band of the late 1960's. This band is considered so unique that each book features the story of the "Shaggs" in their first chapter!

The population of Fremont in 2000 was 3,510, as of 2002 it has crept up to 3,700+

MANY THANKS to all Fremont residents who do so much to perpetuate and preserve Fremont's history and landmarks. Your support is most appreciated. With the ever-accelerating pace of life, and the constant growth around our town and region, it becomes more and more important each passing day, to protect, preserve, and promote our local heritage. It is after all, a fact, that we are unconsciously influenced by our immediate surroundings & youthful experiences which will most likely, define who we are, and what we'll become as individuals. Hopefully, the people, places and events that make life so interesting in Fremont, has been a positive, meaningful experience for the majority of its residents. Thanks for all you do to help keep it that way.

REPORT OF THE LIBRARY TRUSTEES

This has been an exciting and memorable year for all Fremont residents who appreciate using the services of a Public Library. On Sunday, September 15, 2002 – exactly 108 years after the first Fremont Library was dedicated in 1894 – over 350 Fremonters proudly dedicated their new 7000 square foot Library on Jackie Bernier Drive. Needless to say, this was a very proud moment for our town. It symbolized that Fremonters recognized the need to modernize and enhance its library services which are essential for any growing community as it embarks upon the new 21st Century. Finally, after 37 years of the old library being located in a former one room schoolhouse, Fremonters took a giant leap in 2002 by moving into a modern, practical, and efficient library building. For all this, the Library Trustees, Librarian, Library Building Committee, and Friends of the Fremont Library extend a very deep sense of gratitude and appreciation to all the many townspeople who helped make this long-awaited dream a reality. This building symbolized the great pride Fremonters take in their community, a town that values its proud heritage as well as its promising future. As a result, this building is dedicated to all those Fremonters who have VISION. A vision to expand and improve the library and educational needs of our citizenry in an ever-changing world; a vision to recognize the promising potential existing within all residents who desire to better themselves in ways that only a library can truly help to foster; and a vision to appreciate, respect and nurture forever our natural environment, our priceless heritage, and the dynamic potential of the special people who make up this outstanding community called Fremont. Whether realized or not, we are all very fortunate to be part of such a great town. Indeed, in such a meaningful way, a potentially better future for all who care to use this worthwhile institution.

Fremonters immediately took advantage of the new library facility after it was dedicated. Library cards jumped from 750 to 932 in just three months. The monthly book circulation figures jumped from 370 to 927, and the growth rate has continued at a rapid pace. The Community Room has already proven to be a big hit, not to mention the several Story Hours, computers, research tables, new books, expanded magazines, and the popular book bargain sale rack. The relaxing and welcoming atmosphere has been especially enjoyed by patrons.

A Children's Librarian (Lynda Miller) and a Library Aide (Cathy Murdock) were added to the existing staff in August. Along with Barbara Bassett Librarian, and longtime Assistant Librarian Marlene Emery, all worked very hard and diligently in transferring books, furniture, supplies, etc from the old library to the new in August and September. Many thanks to Steve Turcotte and crew of Smart Move, for donating time, equipment and expertise in packing and moving loads of books; Richard Butler for donating truck time to relocate the storage trailers; Lucent Technologies for the donations of large amounts of furniture and fixtures; as well as to Reese Bassett, Neal Janvrin, Dick Rand, Dick Heselton, and Heidi Carlson, for assisting in setting up furniture, moving books, etc. Their valuable and timely assistance during this hectic

move was greatly appreciated. Thanks also go to the Fremont Selectmen, Don Strole of April Showers Lawn Irrigation, Lee & Rita Danley of Danley Demolition, Joe Gancarz of Brentwood Farms, Bob and Mary Stiner, The Friends of the Fremont Library, and also to all those who donated, or assisted in the 2nd Annual Fremont Library Golf Tournament which was another wonderful success. The donation of countless new books, magazines, equipment, furniture, and supplies by so many supportive townspeople, certainly speaks volumes for the fine town in which we live.

The Friends of Fremont Library worked very hard again this year hosting several enjoyable and informative programs in addition to publishing an excellent new FREMONT COOKBOOK. These cookbooks make wonderful gifts for almost any occasion, and can still be purchased at the Library and Town Hall. The hard work and dedicated efforts of the Fremont Friends is always genuinely appreciated.

The Trustees, Library Staff, and volunteers will continue to work hard in 2003 to make this new Library truly worthy of your support and patronage. Again, many thanks to one and all, whose support, encouragement, and thoughtful contributions, made this much-needed new Library a wonderful reality for the Town of Fremont.

Respectfully submitted,

John J Hennelly

REPORT OF THE PARKS & RECREATION COMMISSION

The Town of Fremont Parks and Recreation Commission (Commission) organizes and manages recreational programs and activities for Fremont residents, and oversees the maintenance and upgrades of the Town owned recreational parks and fields. In 2002, the Commission was very productive with the help of many community members.

The summer program is a fun and safe six-week program for Fremont families with children between grades one and eight. This year, the children enjoyed several field trips, and programs involving arts and crafts, games, and other activities. About 55 children registered this past summer, and we look forward to another great summer program. The Commission is happy to welcome Robin Schew as the new director of the summer program, and we are thankful for her hard work and dedication to the program.

A playgroup is offered for community members with children under six. It is great place for children and parents to socialize, play, sing, read, and have fun. We would like to thank all the people who make these programs a success, with special thanks to Faith Levesque for her devotion to the play group for the past three years.

The annual Memorial Day parade and Halloween Party were well attended. This year, the annual tree lighting at the Safety Complex included caroling, crafts and refreshments, and a visit from Santa Claus. Many community members showed their support by attending these events as well as joining in with a helping hand. Participation and involvement is greatly appreciated and hopefully will continue to grow with our community.

The year 2002 marked commencement of construction on the recreation fields in Town. The much-needed improvements include new soccer and softball fields, a relocated little league field and play area, irrigation, a concession stand with restrooms and a track for walking or jogging. The project has presented many challenges, but we expect completion of construction activities in Spring 2003. Following completion of construction, we anticipate rededication of the little league field some time in 2003.

We are dedicated to continuing successful programs and seeking new ways to build the community through additional activities and programs. Without the volunteers from the community none of these activities would be possible. Special thanks to other organizations such as the Fremont PTA, Fremont Athletic Association, Ellis school employees, Board of Selectmen, Town Office Staff, and everyone who supported the community with your time.

We would like to thank our past member Veronica Cianiulli who served on the Commission last year and is moving. We would also like to welcome a new member Ralph Woekel. Their spirit of volunteerism is fundamental to the continued success of the Town of Fremont.

REPORT OF THE PLANNING BOARD

2002 was a busy and productive year for the Planning Board. The Board adopted amendments to rules and regulations as required by the State of New Hampshire and in response to the growing needs of the community. These amendments can be found throughout the Site Plan Review, Subdivision, and Excavation Regulations. The Board also updated the zoning articles and Capital Improvement Program, where appropriate.

Our representative from the Rockingham County Planning Commission, Mike Garrepy, has assisted us throughout the year. In addition, to participating in our meetings, he is available during regular office hours at the Town Hall. Our goal is to become more efficient and improve our time-service to those that interact with the Board.

Some highlights of the Board's activities were changes to the regulations regarding mobile home parks and fee changes. The Board also began review of impact fees in conjunction with the School Board. We also reviewed and supported the Conservation Commission on their Prime Wetlands area proposal.

This year the Board reviewed or acted upon the following:

I would like to thank the Board members for their hours of dedicated service.

Vice Chairman Peter Gibb
 Selectman Norman Martineau
 Member Leon Holmes, Jr
 Member Marilyn Baker
 Member Scott Reid
 Member Ron Brown
 Alternate Member/Recording Secretary Kimberly Dunbar

I would like to thank Building Inspector/Code Enforcement Officer Paul Colby for his time and assistance.

The Board would also like to extend its most sincere thanks to Meredith Bolduc, who has been the Board's recording secretary since 1994. Meredith left this fall, to pursue career interests elsewhere. She has been a vitally important part of the Planning & Zoning Department for eight years. Her talents and energy are missed. We wish her the very best in her future endeavors.

A very special thank you to Heidi Carlson, Administrative Assistant and Kimberly Dunbar, Selectman's Assistant/Treasurer, for their extraordinary effort in assisting the Board in addition to their already hectic work load.

As always, if you have any input or concern, or would like to participate in the Planning Board, please contact us at the Town Hall.

Respectfully submitted,

Kevin Herrmann

REPORT OF THE POLICE DEPARTMENT

The Fremont Police Department has been very active during the year 2002. We have seen an increase in patrol activity, including 3576 calls for service, 1604 vacant house checks, and 8506 business checks. We stopped 1016 motor vehicles that resulted in 205 summonses being issued. We arrested 86 individuals. As the Town of Fremont continues to grow, the strain on all emergency services will also continue to grow.

I am happy to report that we have made great strides in one of our major problem areas, O.H.R.V. related complaints. We have received many complaints about noise, riding on private property, riding on a public way, speed, and general lack of courtesy when they are being operated. After the town meeting in March, the Police Department purchased and equipped a 2002 Yamaha ATV. This machine is stored at the Safety Complex and can be used by all of the safety services in the event of an emergency. In May we started a pro-active patrol on the Rockingham Trail and the properties that border the trail. The cost of this patrol, including the officer's pay, all insurance and administrative costs are funded by a contract between the New Hampshire Fish and Game Department and the Town of Fremont. During this patrol we checked 988 machines, we issued 86 summonses, and arrested 2 individuals. Since the start of the patrol the number of O.H.R.V complaints have dropped by 75%.

With the financial help of many of our residents and local businesses, and the continuing cooperation and dedication of the staff at the Ellis School, High Sheriff James D. Linehan, Lieutenant James Szeliga, and Deputy Darin Melanson, of the Rockingham County Sheriff's Department, and Barbara Baker of the Fremont Police Department, we were able to complete our Ninth D.A.R.E. (Drug Abuse Resistance Education) Program.

This fall started a new era in the Fremont D.A.R.E. program. Officer H. D. Wood (Denny) became a certified D.A.R.E. instructor and he is now teaching the 2002-2003 classes at the Ellis School.

I have listed by category the type and number of reportable offenses to which the Fremont Police Department responded:

Homicide	1	Rape	4	Burglary	7
Theft	21	Motor Vehicle Theft	3	Assaults	6
Recovered Property	5	Vandalism	39	Fraud	8
Untimely Death	2	Assist Fire/ Ambulance	115	Drug Offenses	2
Weapons	1	Domestic	35	D.W.I.	4
Liquor Laws	4	Untimely Death	2	Alarms	74
Disorderly Conduct	5	All Other Except Traffic	203	Juvenile	66
VHC Requests	64	Motor Vehicle Accidents	53	Open Doors	9

Animal Control	155	Towed Motor Vehicles	8	Police Information	72
OHRV Complaints	61	Assist Other Agencies	446	911 Hang Up Calls	40

As we respond to an increased number of alarms, we are experiencing a problem. We are unable to contact the owners or a key holder because the installing alarm company has not informed the customer that the alarm has to be registered with the Fremont Police Department. This is a simple matter that requires a one-page form to be completed. This information is entered into our database and is available to the duty officer when he responds to the alarm.

Our database also tracks persons with special needs in the event of an emergency, such as the need for power for life support, and persons who need special vehicles or are unable to leave their residence without assistance during an evacuation. Again this is a simple one-page form that needs to be completed. This information is kept strictly confidential and is only available to the Safety Services responding to the event

Both registration forms are available at the Safety Complex. If you are not currently registered for either service, call us and we will send you the necessary paperwork.

As our community grows and our problems increase, the TEAM concept becomes essential. I am once again asking the residents of Fremont for their help. Be aware of your neighborhoods. If you see anything that makes you suspicious, call the Police Department at 679-2225. If you have an emergency, call 911 for help.

To the residents of Fremont, the Board of Selectmen, the Town Office Staff, the members of the Fire Department, Rescue Squad, Highway Department and the members of the Police Department: Barbara Baker, Lieutenant Charles Rand, Sergeant Reese Bassett Officers Daniel Whitman, H.D. Wood IV, Chad Murphy, Brian Chevalier, Robert Allore, Jason Larochele, and Joseph Gordon, THANK YOU for your continued support and cooperation.

Respectfully submitted,

Neal R Janvrin
Chief of Police

Do what you can.”*

- Sydney Smith

REPORT OF THE RESCUE SQUAD

2002 was an eventful year for the Fremont Rescue Squad. With the rapid growth in Fremont, we did see a 10% increase in our call volume, responding to a total of 140 emergency calls. Thanks to a great group of very active volunteers, this increase has been handled well. Being able to volunteer time for training and responding to the call is not always easy with everyone's busy lives. Unfortunately, we had to say goodbye to a few of our members, but were happy to welcome a few new individuals as well. As with most volunteer EMS services, our daytime coverage can still be tough to staff adequately. Even with anticipated memberships of several who have expressed interest, we still **need** more daytime people. We do provide all training, so all that's needed is a desire to help. If you'd like to find out more about what's involved, please feel free to call me at home (895-4773), talk to any of our members, or stop by our regular monthly meeting at 7:00 pm on the second Monday of each month at the Safety Complex. The rewards and gratification of the job are measured in volumes.

I want to congratulate the three members that obtained their EMS Certifications in 2002. This includes EMT-B Joe Gottlich and First Responders Pat Toohey and Jim Henderson. Thanks for taking the time and effort to get this accomplished.

In late summer of 2002 we started selling the "Community Birthday Calendar". Some of you may remember these from years past when the People's United Methodist Church sold them. The Community Calendar is a wall calendar, and provides ads from local businesses, as well as birthday information listed within each month. When you purchase a calendar during the sale time, you can have up to 6 birthdays, memorials, and/or anniversaries listed. These listings show up on all the calendars that are sold throughout the town. It's a nice piece of community spirit to know when your friends and neighbors are having their birthday or anniversary. Even with this being the first year for us, the sale went very well. We do have many of the 2003 calendars available if you'd like to buy one and see what they are all about. The price is only \$6 and can be picked up at the Town Offices, the Safety Complex, Hillside Auto, and probably even more businesses by the time of this printing. Sales for the 2004 calendar will be starting in July. If you missed out this year, be sure to get your orders in then! To all of you that did buy, or will be buying, we thank you greatly for your support!!

In last years Town Report, I talked about our Truck Committee which was formed to look into buying a new vehicle to replace our 17 year old Chevy utility truck. This truck has served us well, but, due to its age, will need some costly repairs in the very near future. After many months of planning and looking into all the options, the committee decided on a 2003 Chevy Suburban that we will present to the Town in a Warrant Article at Town Meeting. We feel this truck is a much-needed piece of equipment to be better prepared to serve the Town. This Article will include withdrawing money from an already established Capital Reserve Fund. Rescue will also be donating ALL of the money raised from the calendar sales to help lower the tax

impact. We really hope that we can look forward to your support with this Warrant Article. Much more information about this truck will be presented in a handout at Town Meeting.

I also wanted to take this opportunity to remind you of a very important issue to all the emergency services, VISIBLE HOUSE NUMBERS. We cannot state this enough. Even if your home is right out in the open, that doesn't mean we know where it is. Please take some time very soon to make sure that you have your house number marked on the side of your mailbox, or on a post in your yard near the edge of the road. They should be large enough to be seen from 100 feet away. Numbers on your doors or the front of the mailbox are good, but nearly impossible to see day or night. Now with all the snow we've gotten so far this year, some of us have had a hard time finding our own mailboxes in those huge snow banks. Again, just take a few minutes to clear away the snow so they can be seen. When there is an emergency at your home, Rescue, Fire, or Police are doing their best to get there in a hurry. We could really use your help.

As always, we would like to thank the Police Department for providing scene safety and an extra set of hands; the Fire Department for helping us to gain entry to homes or accident vehicles, and with lift assists; and the Highway Department crew for helping us get where we need to go in the bad storms. When we need their help, they're always right there. And last but not least, a huge thanks to all of the Rescue members for their hard work and dedication throughout the year!

Respectfully submitted,

Kyle Murdock

REPORT OF THE ROAD AGENT

This is the first year since 1997 that we haven't had to accept a new road at Town Meeting. I am hoping that Gristmill Road will be finished this year and can be accepted next year.

As I write this report it is January 30th. The temperature is 0. The snow banks are high and the roads are heaving more than normal. Considering how bad our winter has been and the maintenance in the spring, and our budget is lower than last year, I'm hoping we can make it.

You have probably noticed how much larger the street signs are now. This is due to a new Federal Government mandate. They are very expensive and are continually being stolen, recently more than ever. These street name signs are very important for fire, police, and ambulance, for information and direction. I ask that whomever is stealing them to think twice. It could be your family or friend who need emergency services.

We are going to continue to maintain a three foot shoulder on all roads. Please keep this three feet from the edge of pavement, clear of plants, bark mulch, stones, landscaping structures, etc. Most of Fremont's roads, especially subdivisions, have a 50 foot right-of-way. This includes 24 feet of pavement; and a 13 foot right-of-way on either edge of the pavement. Please do not erect fences, stone walls, or other structures anywhere within the 13 foot right-of-way either side of pavement.

Please notify me, and get a written permit from the Town Office, when you are planning to hottop or resurface your driveway. The permit is placed on file, and I do an inspection to verify proper drainage and entrance onto the Town road.

We finished all of our scheduled projects in 2002. This year we are proposing to hottop a section of North Road, from Leavitt Road to Lyford Glen with an overlay. There will not be any reconstruction. We are also proposing to lay out three inches of hottop on these existing dirt roads: Beach Street, Bruce Avenue, Pigeon Lane, and Shady Lane. There is other work involved in this proposal, to prep the roads for pavement.

In closing, let me thank all of you for your cooperation. It was another great year. Thanks to all the Departments, and special thanks to everyone who plows and sands the roads, you are the best!

Respectfully submitted,

Guerwood M Holmes
Road Agent

REPORT OF THE BOARD OF SELECTMEN

In the past year much was accomplished. Throughout the winter and early spring, the Board worked closely with the Library Trustees in the construction of the Fremont Public Library. The Board of Selectmen would like to congratulate the Library Trustees and thank the taxpayers for this fine addition to Fremont's Town Buildings and Services.

During the summer months work began on the expansion and improvement at the Fremont Memorial Ball Fields on Main Street. Fremont Recreation Commission members have been key individuals in the planning of this project and members have been ever-present with the Board of Selectmen in this project. Setbacks in construction occurred around ledge formation removal and the installation of adequate well water capacity. At year end, construction was mostly complete but a few weeks of work were held over for the spring construction season.

In July, oral arguments were heard on Fremont's NH Supreme Court appeal. In December we were pleased to learn that Fremont prevailed and therefore was not liable for damages resulting from the enforcement of our Growth Control Ordinance.

We were pleased that the 2002 Town Meeting funded an ATV trail patrol initiative in Fremont. We can now report that within the year the Fremont Police Department was able to obtain a grant for this patrol from the State of NH Fish & Game. As a result of the patrol and enforcement action, the complaints are significantly reduced and, hopefully, the trail is a safer place for the users to enjoy. This initiative is being monitored by many to review its success.

After a long recruitment process, we were pleased to hire Paul Colby as the Town's Building Inspector and Code Enforcement Officer. Paul has been on the job since September and has quickly gotten acclimated to Fremont. He has become a welcome addition to the Town's staff.

Within the year, at the Town's request, the NH Municipal Association completed a review of Fremont's job descriptions and salaries. Their recommendations are being implemented in 2003. When implemented, we feel that Fremont will be in position where it is competitive with communities in an area that are of similar size and complexity. Currently, we are not competitive in many areas.

At the risk of sounding like a broken record, we want to again remind voters that the solution to our school capacity issue must be found. During the last few years the board of Selectmen has been enforcing the Town's Growth Control Ordinance in order to protect our school capacity while a solution can be found. As a result, the Town has been challenged through the courts. Mounting a legal defense has been time-consuming and costly.

The Town's ability to enforce its Growth Control Ordinance is limited in duration. From the Board of Selectmen's perspective we can continue to spend taxpayer money on legal defense of our ordinance and renting portable classrooms; or as a community we can go about solving the problems and use these funds for a long-range solution. We urge your attention to this.

Our office is open daily, as it has been for several years. The Board continues to meet weekly throughout the year. Because of our diverse responsibilities, we also have numerous agenda-specific meetings as the need arises. The public is always welcome.

We wish to thank all our office staff, Department Heads, Town employees and volunteers. It is because of you that we, as a community, can accomplish what we do.

Respectfully submitted,

Fremont Board of Selectmen

The Fremont Conservation Commission was awarded a grant from Public Service of NH under the Northeast Utilities System Environmental Community Grant Program.

Pictured here with the \$1,000 grant check are L to R: Conservation Commission Members Andy Anderson and Kathy Braun, Clerk Kimberly Dunbar, PSNH Community Relations Manager Kathleen Lewis; and Selectmen Norm Martineau and Rick Clark.

The grant funded creation of educational brochures and a kiosk of information regarding the environmental resources in Spruce Swamp. The educational information is on display at the Town Hall. Kimberly Dunbar wrote the grant on behalf of the Commission.

REPORT OF THE SOLID WASTE AND RECYCLING COMMITTEE

In 2002, both household solid waste and recyclables were hauled by Waste Management, Inc through a one year extension of its contract with the Town. As in previous years, there were two collections of bulky goods, one in May and one in October. These collections were accomplished at great savings to the town thanks to the volunteer efforts of the members of the Solid Waste and Recycling Committee (the Committee) and several residents of Fremont.

The Bulky Day event has become an extremely well attended event at the current site of the Fremont Highway Department building at 113 Danville Road. Thanks to Guerwood Holmes and Phil Copp, there is enough space available to allow continued collection of the various materials that can be taken at this semi-annual event. With the way Fremont is growing and the amount of effort that must now be put into Bulky Day, however, the committee is beginning to discuss alternative methods for collection of large items.

The Committee has been putting a significant amount of effort into a revision of the current way residents pay for solid waste collection and disposal. Currently, the cost of collection and disposal of both solid waste and recyclables is a line item for the town budget. The process of having each taxpayer pay equally for the amount of solid waste collected in town appears to be somewhat of a disincentive to recycling. In order to increase recycling, which is expected to significantly reduce the overall cost of waste disposal to Fremont residents, the Committee has proposed a process called Pay-as-You-Throw (PAYT). This fee-based system would have each household pay for just the amount of solid waste that it is disposing of. The cost of collection and disposal of recyclables would continue to be paid through property taxes. The Committee held two informational meetings in 2002 to explain PAYT and plans to hold a third meeting in 2003 prior to the Annual Town Meeting in March.

ANNUAL REPORT

*** Brentwood * Fremont * Hampton * Hampton Falls * Kensington * New Castle
North Hampton * Rye * Sandown * South Hampton**

This Annual Report covers the period December 2001 to December 2002. This is in accordance with Section 2.7 of the District Agreement, which states that the District Committee shall hold an Annual Meeting on the first Tuesday of December each year to receive reports, choose officers, and appoint members to the Operating Committee.

The District Agreement states that the District's fiscal year shall commence on April 1 and shall end on March 31 of each year. The District Budget covers this fiscal period.

At the Public Hearing and Annual Meeting on December 4, 2001 the District elected the following Officers to serve from December 2001 to December 2002.

Chairman	Virginia Raub Hampton
Vice-Chairman	Henry Mixter North Hampton
Secretary	Winthrop Comley Hampton Falls
Treasurer	Joseph A. Melville Hampton Falls

COMMITTEES 2001-2002

OPERATING COMMITTEE

Virginia Raub, Hampton, Chair
Henry Mixter, North Hampton
Hampton Falls
New Castle
Rye

ADMINISTRATIVE

Virginia Raub, Hampton, Chair
Henry Mixter, North Hampton
Winthrop Comley, Hampton Falls
Joseph A. Melville, Hampton Falls

RECYCLING/HHW

Henry Mixter, North Hampton, Chair
Virginia Raub, Hampton
Joseph Melville, Hampton Falls
Alfred Felch, Kensington

FROM DECEMBER 2001 - DECEMBER 2002

This was the eleventh year the District has conducted the Household Hazardous Waste program for the member towns. We held two collections - Hampton in the spring and Brentwood in the fall. The collection in Hampton was held on the second Saturday in May. A total of 383 cars attended the collection representing 385 households. On September 7 the collection was held in Brentwood for the third time. A total of 109 cars attended representing 136 households. The total cost for both collections was \$24,700. The per household cost for Hampton was \$48.80, and the per household cost for Brentwood was \$46.67. A grant from the State of New Hampshire, based on the population of the District member towns, in the amount of \$3,450 helped to offset the costs. The remainder was paid out of District funds that had been budgeted for this purpose.

Based on the continued positive response we receive to these collections, the committee feels they are a vital function of the District and should continue. Citizens in our member municipalities continue to become more educated about household hazardous waste, have become familiar with the collections, and are willing to participate. The District has budgeted funds in the 2003/2004 Budget to hold collections in the spring and fall of 2003. As is our custom, every three years we go out for bid for our collections. RFP's have been mailed to certified HHW collectors for this purpose.

DISTRICT ANNUAL REPORT
December 3, 2002
PAGE TWO

The District continued its Recycling Grant Program for education and public relations. Member towns, which applied for grants, were Fremont (\$1,143.53); Kensington (\$411.54); North Hampton (\$1,000) and Rye (\$2,572.03).

Brentwood, Fremont, Hampton, Hampton Falls, New Castle, North Hampton, Rye, Sandown and South Hampton are currently tipping at Turnkey. In July, the current tipping fee of \$55.69 will be adjusted by the Boston CPI at January 1, 2003.

The Septage Committee and Waste-to-Energy Committee continue to be inactive.

OBJECTIVES FOR THE UPCOMING YEAR

The Administrative portion of the District will continue to be a part-time operation. The Administrative Assistant's hours are from 8:00 AM to Noon Tuesday and Thursday. The contract with Waste Management will continue to be administered by the District office.

Two Household Hazardous Waste Collections will be held in 2003. The Spring Collection will be held in Hampton on May 10, 2003 and the Fall Collection will be held September 6, 2003 in Brentwood.

Recycling education grants will again be awarded to District member towns. Recycling chairmen of the member towns are encouraged to apply for these grants. Information may be obtained by calling the District office.

We will continue to keep abreast of all refuse disposal and recycling methods, and we are always available to assist and/or answer questions from member towns and citizens. We will also continue to attend State level conferences on MSW and recycling.

Respectfully submitted,

Henry F. Mixter
Vice-Chairman

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment met throughout the year as applications were submitted for consideration. The following summary is the case history and decision record for 2002.

- 02-01 Granted an equitable waiver of dimensional requirement for a lot line setback on parcel 02-135.2.
- 02-02 Disproved without further action a variance request to convert a two family dwelling to a three family dwelling on parcel 03-072. Applicant did not appear for final testimony.
- 02-03 Granted a Special Exception for a roadway wetlands crossing on parcel 06-064.
- 02-04 Granted a Special Exception for a shared driveway wetlands crossing on parcels 04-014.2 and 04-014.3.
- 02-05 Granted a Variance to convert a single family home to a duplex on parcel 01-056.2.
- 02-06 Granted a Special Exception for a roadway wetlands crossing on parcel 02-156.2.
- 02-07 Granted a Special Exception for a driveway wetlands crossing on parcel 0-098.1.
- 02-08 Granted a Variance for dwelling setback to wetlands on parcel 04-006.
- 02-09 Granted a Variance for garage setback to a lot line on parcel 06-011.01-20.

A hearing was also held in September by the Selectmen to update the Zoning Board fee schedule to cover postage at the rate of \$10.00 per abutter notification. This was an increase from \$8.00 and was done to cover postal increases that occurred earlier in the year.

We would like to thank Meredith Bolduc, who has been the Board's recording clerk for many years; and an active member since 1982. While Meredith remains a member of the Board, she is no longer the recording clerk since taking an employment position elsewhere. We miss her valuable experience and knowledge on many aspects of planning and zoning.

Applications for the Zoning Board of Adjustment can be obtained at the Town Office. The Board meets on the last Tuesday of every month when it has business to conduct.

Respectfully submitted,

Thomas A Roy, Chairman

Board Members:

Jack Baker	Robert Wines
Richard Butler	Meredith Bolduc
Brett Hunter, Alternate	Scott Reid, Alternate

THE YEAR IN REVIEW

From the Corner Office at Town Hall

Construction of the new library consumed much of our time in the beginning of the year. Bi-weekly site meetings took place at the site, with progress monitored closely by the Selectmen and Library Trustees. The Library came in under budget and is a building the community can be proud of. The full expenditure report is elsewhere in the Town Report, and shows that \$17,000 was returned to the general fund. The construction budget spanned 2001 and 2002; and the financial report summarizes the entire project.

We had snow on May 18th for the spring bulky clean up day! It dampened the Exeter River Alewife festival, but did not keep too many people from disposing of their bulky items! We continue to see growth in these bi-annual drop-off days, and are seeking additional volunteers to help out. Even a few hours can be a big help! Contact a member of the Solid Waste & Recycling Committee for more information or to volunteer.

On May 19th the Town regretfully received the resignations of Ken and Matt Pitkin as the Town's Electrical Inspectors. Kenny had been in this position for many years, and his expertise and kind manner are missed. Matt signed on as the Assistant Electrical Inspector a few years ago; and the pair worked well to get these inspections done amongst their normal heavy workload as electricians.

Our Memorial Day Services were held out of doors on Sunday May 26, 2002. Many people joined in the Cemetery to hear the Ellis School Band, Dunlap Highlanders, and lots of Fremont residents speak and perform recitals. The tradition of the Parade continues to be our one big event, and its always nice to have so many people come out to join, watch, and enjoy.

Resident George Steele was presented the Boston Post Cane at the annual Memorial Day ceremony. Fremont keeps the Cane safely at the Town Hall, with our prize community quilt, but family members took photographs with George after the celebration.

Fremont ball clubs went great lengths in playoff games this year. The Fremont Outlaws captured another state title in soccer! The Fremont U12 girls softball team came in second place in NH as did the U10 Chester girls softball team (which has three Fremont members). The girls teams fought hard in games that spanned the Fourth of July weekend. Their finish at second in the entire state is notable!

On August 21st a huge undertaking took place, in the movement of the Fremont Library from 8 Beede Hill Road to 7 Jackie Bernier Drive. Volunteers, Town Officials and employees took the day; along with resident Steve Turcotte from A Smart Move; and moved in furniture and equipment on one of the hottest days we had all summer! The efforts were great, and made for a successful day. Library staff spent a great deal of time thereafter organizing and relocating all of the books, furniture, shelving and equipment. We welcomed new library employees Lynda Miller and Cathy Murdock to the existing, long-time Library staff Barbara Bassett and Marlene Emery. A special thanks is due to all those who helped that hot, sunny day; as well as to Steve Turcotte who donated man hours and his equipment and expertise to organize us.

Much of the equipment, shelving, furniture and fixtures in the new library was the result of a huge donation from Lucent Technologies when they liquidated their Andover plant. We appreciate all the hard work done to make that donation happen. A special thanks is also due to resident Bob Bartley. Rick Butler volunteered his time and truck to move the rental trailers that housed all this material donated by Lucent. His time and assistance was invaluable as well.

Chief Janvrin, Chief Heselton, Don Gates, and I attended a September 11th Memorial on the Common in Raymond. Safety Services from all of the six towns within the Greater Raymond Area Chamber of Commerce attended, with presentations to each Police, Fire and Rescue/ Ambulance service. Fremont gets an amazing amount of coverage from our public safety services, police, fire, and rescue. The departments share an increasingly good working relationship, and there is much to be said for that.

On September 15th hundreds of residents, friends, patrons, and neighbors came out to the Open House at the new Fremont Public Library. It was a warm welcome and opening for the new building. We've seen a huge increase in library cardholders and book circulation. The Library is a welcome place for people of all ages to enjoy!

We miss the friendly face of Gene Perreault who left Fremont at the end of September. Gene had been updating things for some time, in an effort to make room in Fremont for what he knew would some day be a necessary full-time position. The Selectmen hired Paul Colby, who began work on September 23rd as the Town's first full-time Building Inspector and Code Enforcement Officer.

We bid a sad farewell to long-time resident Bill Boden in late September. Bill was one of the originators of Fremont Little League. He was also involved in Boy Scouts and with the local Community Action Program. We said goodbye to many other residents of our community; none to be forgotten.

Fremont's Tax Collector Mary Anderson was honored on September 29th, when the new arts center at Pinkerton Academy was dedicated in part, to her. The fine arts section of the building was officially named the Mary Anderson Fine Arts wing in her honor. In addition to being the Town's Tax Collector, Mary is the Assistant Headmaster for Finance at Pinkerton Academy, where she has worked for some 28 years. Congratulations to her on this notable accomplishment.

Meredith Bolduc left the Town's employ at the end of October. While we are pleased she is so happy with her new position at a local bank, we sadly miss her in our daily routine. Her vast experience and knowledge is also missed, as other office staff tries to fill her shoes. At the time of this writing, the position has not been filled. Meredith had worked for the Town as the Planning and Zoning Secretary for more than 10 years; and has been a member of the Zoning Board for almost 20. Kimberly Dunbar has filled in well in Meredith's absence with the Planning Board; and I've worked with the Zoning Board on their scheduled hearing matters. We look forward to finding a permanent replacement.

The Planning Board has kept very busy with the continued growth in Fremont. At the time of this writing there are several Site Plan Reviews before them, as well as a three residential developments. Fremont is a desirable place to be, and no doubt this growth will continue.

Special thanks to Peter and Kathy LaRoche and crews of P A LaRoche Painting for their donations of time and materials in the repainting of the Olde Meetinghouse. Their proposal was less than half the cost of other bids received due to donations in small part from California Paint, and in large part to the LaRoche's and their crews. These same crews also volunteered their time and materials to repaint the Town Clerk's new office once it was completed at year end. So many people help out with projects, large and small, that it is difficult to say thanks enough. Your help, expertise, time and energy do not go unnoticed. Fremont is fortunate to have such energy and commitment on behalf of its residents.

We saw lots of snow near the end of the fiscal year, some of us dread it, others revel in it! Highway crews do an excellent job of caring for Fremont's roads in the winter months. If you have concerns, they are always glad to know what needs further attention. Feel free to contact the Road Agent directly, or call and leave a message at the Town Offices.

There are three remaining volunteers working on the Newsletter. The monthly publication continues to be a time-consuming process to put together.

Jason Schreiber, Kimberly Dunbar, and I have done all the layout work for the past year. For Kimberly and I, that means evenings or weekends at home, as the publication continues to be solely a volunteer effort. The Town budget funds only the printing and postage cost. We would welcome anyone who is interested in layout or design, or even just to travel copy back and forth to the printer once a month. Contact the Selectmen's Office, or contacts listed on your newsletter, if you might be interested.

Once again, several people resigned or retired from different aspects of community service this past year. This includes Mike Tuscano from the Planning Board and Michelle Edwards from the Parks & Recreation Commission. Both have served the Town several years, and their input is missed. Police patrol officers Kevin Walsh and Melissa Gates resigned in 2002 to pursue careers elsewhere. We wish all these folks the very best in their pursuits.

A Cable Access Study Committee was also put together and worked hard these past months to come up with information, findings, and a report you can read elsewhere in the Town Report. Members of that study committee included Debbie Caputo, Gene Cordes, Don Gates, Marilyn Gates, Neal Janvrin, Audrey Karamourtopoulos, and Mike Miller.

The Town Clerk's new office was constructed in a portion of the Town Hall late in the year. This will enable Lori and Betty some much-needed room for their equipment and supplies, as well as to more easily serve customers at the new counter. We find all too quickly that the growth in Fremont requires more space for storage and records retention, as well as for people to have adequate space to get their job done efficiently. We hope this new office helps to alleviate the squeeze for the next few years!

We spent a great deal of time in 2002 defending the Town's Growth Control Ordinance, in place to help offset the stresses caused by overcrowding at Ellis School. The NH Supreme Court overturned a lower court decision and Fremont did not have to pay out any money in damages to developers from earlier litigation. We continue to defend the ordinance, with another case currently pending. The best long-term solution is one that addresses the needs of Fremont students for years to come. Along these lines, the Planning Board took steps to begin an Impact Fee Study. They are working closely with the Fremont School Board to address the Town's needs. Impact fees would replace the Town's Growth Control Ordinance once the study and facts are compiled and implemented.

Again I need to offer my personal thanks to all the many volunteers who serve Fremont every day. Unless you are involved in community service, it is

difficult to fathom the hours that are spent. This includes everything from helping serve hot lunch, to staffing book fairs, the land use boards, various boards and committees, PTA, Selectmen, School Board Members, the safety services, and most town and school district officials. The list goes on and on of people who serve Fremont every day without compensation. Without all of your service Fremont would not be what it is. Thank you one and all, for what you do to help your children, the community, and your neighbors.

There are also many Town employees who do a great service every day for Fremont. Thanks for all that you do to keep Fremont moving in a progressive and positive direction.

Town boards and committees are always looking for interested residents who would like to serve. At the time of this writing, there are alternate positions available on the Planning Board, Zoning Board of Adjustment, and Conservation Commission. The Parks & Recreation Commission needs one full member as well.

If you are interested, check out the meeting schedules that are posted at town buildings, the Post Office, and included in the monthly newsletter. You can always get more information by calling the Selectmen's Office as well, at 895-2226.

Respectfully submitted,

Heidi Carlson
Administrative Assistant
Board of Selectmen's Office

"Believe in yourself, your neighbors, your work, your ultimate attainment of more complete happiness. It is only the farmer who faithfully plants seeds in the Spring, who reaps a harvest in Autumn."

- B C Forbes

A SAFE PLACE

6 Greenleaf Woods Suite 101
Portsmouth NH 03801
(603) 436-4619
24 hour crisis line (800) 852-3388

A Safe Place provides emergency shelter and support services for people in abusive relationships.

From July 1, 2001 through June 30, 2002, the following services were provided to Fremont residents:

- 9 victims served
- 16 hours of service to these victims

AREA HOMECARE & FAMILY SERVICES INC

1320 Woodbury Avenue
Portsmouth NH 03801
(603) 436-9059

Since 1972 Area HomeCare & Family Services has served elderly residents of Fremont. Our mission is to provide home care services to the elderly and people with disabilities, so they may remain in their homes for as long as possible.

Last year we served 6 Fremont elderly with over 2,000 hours of direct homemaker and companion services.

HomeMaker Services provides companionship, emotional support and services such as food shopping and errands, planning and cooking meals using special diet guidelines, laundry (limited to bedding, towels, rugs & personal clothing) and other related services.

In-Home Care Services perform tasks similar to HomeMaker Services. These clients need services more frequently and for longer periods of time. This program provides services for up to 35 hours per week and can provide transportation to medical appointments and shopping.

Chore Services helps frail elderly and people with disabilities maintain their homes by providing home repairs and maintenance, usually beyond the client's capabilities.

Caregiver Respite Program provides some funding for day programs, home respite and alternate residential respite for the primary caregivers and those suffering from Alzheimer's and other related disorders.

CHILD AND FAMILY SERVICES

99 Hanover Street
Manchester NH 03105
(603) 668-1920

Child and Family Services is a non-profit social service agency offering a variety of quality, affordable programs for low-income children and their families.

During the past fiscal year, the following services were provided to Fremont residents:

Family and Children's Counseling professional social workers provide counseling services that utilize individual and family strengths to address a wide variety of problems including death, divorce, substance use, abuse and neglect, and other social and mental health issues. Counseling services strengthen the health of the community by assisting families in overcoming debilitating problems that weaken the family structure and impede a child's healthy development.

- 7 individuals served, with a total of 10 hours of service

Early Intervention Programs provide family-centered services to infants and toddlers who have a developmental disability, a developmental delay, or who are at risk of development delay. Early intervention services are provided in the home or other natural settings familiar to the child and family.

- 21 individuals served, with a total of 328 hours of service

Healthy Families provides medical support and social services to low-income pregnant women and their children. Services are designed to improve the health of the baby and mother and to provide the support families need during the crucial first months of an infant's life. Services provided by an interdisciplinary team of medical, social work, and education professional offer support throughout pregnancy and the first year after birth.

- 9 individuals served, with a total of 101 hours of service

Group Home provides long-term residential care an emergency overnight shelter for youth between ages of 13 and 18.

- 1 individual served, with a total of 18 days of care

LAMPREY HEALTH CARE

Administrative Offices
207 South Main Street
Newmarket NH 03857
(603) 659-2494

Raymond Center
Route 27
Raymond NH 03077
(603) 895-3351

INFO LINK (888) 499-2525

Lamprey Health Care is a non-profit, community based primary health care organization providing medical services, social services, information and referral and senior citizen transportation, as well as transportation for the physically challenged in Rockingham County. Transportation services, medical services and information and referral services are provided to residents of Fremont.

The Senior Citizen Transportation Program operated by Lamprey Health Care is one of the most important services provided to residents of the area, and provides service to the elderly and physically challenged residents of this region. Access to transportation is critical to this population remaining independent. The busses provide necessary transportation for food, shopping, for medical appointments, the pharmacy and for recreational trips. Residents are picked up at their homes, and are assisted with bundles and with shopping if necessary.

All seven of the busses operated by this program are handicapped accessible. Special appointments, which cannot be incorporated into the specific routes serving your area, are arranged through the Transportation Coordinator and a group of volunteers. The Program almost operates as a "Friendly Callers" program in that the seniors who ride are in contact with the program, and if not, they are checked on necessary errands for their riders if they are unable to do them due to illness, etc. This program does a great deal toward keeping our elderly population healthy, independent and in their homes.

The medical services provided by Lamprey Health Care include primary medical care, health promotion, education, and social services. Increased capacity in both our Raymond and our Newmarket centers allows Lamprey Health Care to serve the residents of our local area in a timely and efficient manner. Medical care provided includes prenatal care, adult medicine, and geriatric medicine, as well as a wide range of health education activities and chronic disease management programs such as diabetes education and support.

INFOLINK provides up to date information and referral services to Fremont residents, available toll free at 1-888-499-2525. INFOLINK can help local residents find the answers and support they need when they have a question about a service or type of assistance.

- 2002 Services provided to Fremont: 489 rides and 1651 medical visits

NEW HAMPSHIRE SPCA

104 Portsmouth Avenue
Stratham NH 03885
(603) 772-2927

The NH SPCA provides the following services:

- Adoption and surrender services
- Medical care for the animals
- Humane education
- Low cost rabies vaccination clinics
- Resource information and Support
- KIND Club for kids ages 10 to 13
- Jr Volunteer program for kids ages 14 to 16
- Animal Foster Care program

In 2002, the following services were provided to Fremont residents:

Total number of families receiving service	138
Number of Animals Surrendered	19
Number of Animals Adopted by Residents	27

RETIRED AND SENIOR VOLUNTEER PROGRAM

Sponsored by the Portsmouth Housing Authority
245 Middle Street
Portsmouth NH 03801
(603) 436-4310

The Retired and Senior Volunteer Program (RSVP) is organized to create meaningful volunteer opportunities for older Americans 55 years and over, to participate more fully in the life of their communities through volunteer service. It is also to provide for a recognized role in the community for older Americans. It provides needed community service and self-satisfaction of the older American.

RSVP volunteers contribute their time and skills to 167 non-profit agencies throughout Rockingham County. The following opportunities are available:

Office assignments	Meals on Wheels
Senior Nutrition	Nursing Homes
Hospice	Volunteer Drivers
Adult Tutoring	Schools

RICHIE MCFARLAND CHILDREN'S CENTER

11 Sandy Point Road
Stratham NH 03885
(603) 778-8193

The Richie McFarland Children's Center serves:

- Children with disabilities from birth to age three.
- Children who have delays in speech, language, motor and social skills, and other who will require more care. This includes children with hearing and vision impairments; children with Cystic fibrosis, Cerebral Palsy & Down Syndrome; and children who are medically fragile or born prematurely, among others.
- Children who are at risk developmentally due to a combination of health issues (such as premature birth, extremely low birth weight or respiratory distress) or family issues (such as family history of mental illness, homelessness, documented substance addiction or proven child abuse or neglect).
- All families regardless of their ability to pay for services, and regardless of whether or not they have insurance that will cover the therapies provided.

We provide speech, physical, occupational, and educational therapy. We provide family support and short-term counseling. We have integrated therapeutic groups and playgroups; and we provide assistance to schools and families with transitioning children into school systems when children turn three, if their delays or disabilities require further attention.

Last year the Center served 4 children from Fremont.

ROCKINGHAM COMMUNITY ACTION

Outreach Program – Jedediah Brown Homestead
55 Prescott Road
Raymond NH 03077
(603) 895-2303

Rockingham Community Action (RCA) is a private, non-profit organization. Our mission and scope is broad: to assist people already living in poverty with direct services, to prevent more families from falling into poverty, and to assist families in finding long-term solutions to their economic needs so they can eventually become self-supporting.

Community Action provides a wide range of services that are unduplicated elsewhere in the county. Many of our services meet immediate, critical needs, while

others are designed to help families achieve long-term economic self-sufficiency. Community Action provided the following services to eligible residents of Fremont from July 1, 2000 through June 30, 2001. (Most-recent report available).

40 households received one of a group of Fuel Assistance Programs, services that provided financial grants of up to \$1,200 to low-income households to assist with energy-related expenses through the Fuel Assistance Program (some households also receive furnace cleaning and budget and energy counseling, and elderly support services), and grants of up to \$300 for fuel and utility emergencies for households not eligible for the Fuel Assistance Program through the Neighbor Helping Neighbor and the Senior Energy Assistance Service.

1 household was enrolled in Workforce Development, which is the “umbrella” for a variety of programs designed to foster long-term self-reliance: Disadvantaged Adult and Dislocated Worker Programs; COMPASS Adult and COMPASS Youth; Welfare to Work; The Employment and Education Marketplace; and Wheels to Work. Each component helps clients determine goals and develop strategies to overcome barriers to employment. Wheels to Work offers affordable car ownership to low-income individuals moving from public assistance to the workforce.

41 Family Day Care children and child care providers participated in the Family Child Care Program, which provides services that assist family child care providers and benefit the children in their care, including training, technical assistance and sponsorship of the USDA Child and Adult Care Food Program.

22 child care referrals were arranged through the Child Care Resources and Referral Program, which maintains an inventory of all available child care options, provides child care referrals to employees of participating companies and to the general public, and expands the supply of quality child care by recruiting, training and assisting new child care providers, including the training of TANF participants.

48 individuals received help through the WIC or Commodity Supplemental Food Programs: WIC provides supplemental nutritious foods, nutrition education, breast-feeding support and health care screening/referrals to pregnant women, nursing mothers, infants, and children up to the age of five; the Commodity Supplemental Food Program provides monthly allotments of commodity foods and nutrition education materials to senior citizens, postpartum women, and 5-year-old children.

1 individual received Literacy Services, which provide high quality books and other literacy services to low income pre-school children and their families through the library-based Gift of Reading book distribution program and the Tales to Go traveling literacy and arts van, and adult basic education services through the Portsmouth Adult Basic Education Program.

3 children were enrolled in Head Start, a comprehensive early childhood development program that provides education, health, nutrition, disability, and family support services to low-income pre-school children and their families.

1 household received services through the Homeless Outreach Intervention Program, which conducts outreach in areas frequented by the unsheltered homeless and assists the homeless with identifying shelter needs, arranging emergency transportation to shelters, and assisting shelter providers in arranging alternative shelter.

39 individual food allotments were provided through the Emergency Food Assistance Program, which distributes USDA surplus food to emergency food pantries and homeless shelters throughout Rockingham County.

2 individuals received help through the Health Insurance Counseling, Education and Assistance Service (HICEAS), which provide the services of trained volunteers to assist Medicare recipients with a wide range of health insurance needs, including supplemental health insurance options and Medicare and Medicaid benefits and claims.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we logged 244 calls or visits from Fremont residents, many of which were crisis calls involving evictions or foreclosures, fuel or utility problems, the lack of food or clothing, or general financial needs. By working closely together with local and state welfare administrators, landlords and mortgage lenders, fuel and utility companies, other human service agencies, and interested clergy and civic groups, we are able to link those in need with the services available to them.

ROCKINGHAM NUTRITION & MEALS ON WHEELS PROGRAM

111 North Road
Brentwood NH 03833
(603) 679-2201

Our function is feeding people: adults, primarily elderly people trying to remain in their own homes, recuperating from surgery or medical treatment (chemotherapy, dialysis, radiation) coping with chronic debilitating disease, episodes of acute illness, multiple health problems; or advanced age and frailty. We have age, disability, and/or income criteria that are adhered to before meals begin, and are reevaluated during service.

The Nutrition program provides hot noon lunches at the Epping Community Church on Pleasant Street, Monday through Friday; and through that center meals are delivered to local residents who are homebound.

Meals on Wheels provides the same well-balanced, hot meals delivered to the homes of the elderly and handicapped residents of Fremont. There are age, disability, and/or income criteria for this service. Drivers go to each person's home, deliver the meals, perform small tasks for the person, if needed in small ways: bringing in the mail, opening a jar; and in big ways: accidents, falls, and health crises.

Meals are geared to the elderly and are low fat, low sodium, with diabetic substitutions available. For Meals On Wheels clients whose situations warrant it, we can also provide weekend meals (canned or frozen), night meals, frozen holiday meals, and canned "Blizzard Bags" to be used during the winter when the driver is unable to deliver meals due to inclement weather.

SUPPORT SERVICES PROVIDED

Information: refers to the information that is given to the clients via RNMOW employee, and includes monthly menus with health tips; agency newsletters, which contain health and elderly issue news; announcements; flyers, etc.

Referrals: made to the Visiting Nurse Association, Division of Elderly and Adult Services, hospitals, Community Action agencies, RSVP, and service organizations to help mobilize resources to aid in the independent living of the client.

Outreach: efforts made to inform the community and the elderly about our services in order to reach the truly needy.

Activities: "extras" that are provided for the clients. These include guest speakers to cover topics such as Medicare, Social security, Estate Planning, Nutrition, and others of interest to our senior citizens; entertainment; remembering clients with small gifts at holiday time, etc.

Service Time: time spent in direct service to clients such as bringing in or opening mail, getting newspapers, picking up prescriptions, shoveling snow, emotional support to clients in crisis or with special needs.

Home Visits: refers to the visits that the site manager makes to a client's home. All homebound clients receive home visits. Reasons for the visits include: completion of an intake application on a new client; completion of a predetermination assessment on a client already receiving meals; to check on a sick client having problems, etc.

Services provided to Fremont residents in 2002 included:

- 23 Residents fed on a continuing basis,
- Provided the mail meal 250 days of the year for many,
- Provided lunch and dinner 365 days of the year for the neediest,
- Provided about 1,641 units of Support Services,
- Served approximately 2,244 meals to Fremont residents.

ROCKINGHAM VNA & HOSPICE

137 Epping Road
Exeter NH 03833
(603) 772-2981 or Central Intake (800) 540-2981

Provides visiting nurse and hospice services.

SEACOAST HOSPICE

10 Hampton Road
Exeter NH 03833
(603) 778-7391 or (800) 416-9207

The mission of Seacoast Hospice is to provide comprehensive physical, emotional and spiritual care for individuals and families to promote the highest quality of living during life-limiting illness and bereavement. Services include:

- Palliative care consultation concerning pain and symptom management
- Transitions: Case management and volunteer support for people living with life limiting illnesses that are not ready or not eligible for hospice care.
- Hospice Care: Nursing, social work, spiritual, physician, home health aides, homemakers, volunteers together, work as a team to provide care for the patient and family. Includes medical equipment, supplies and medications. Respite and inpatient care available as needed.
- Bereavement Services: Follow-up care for the family of a hospice patient continues for thirteen months following a death. Support groups, short term counseling and education programs are available to the community at large. A special program, Bridges, is available for children, teens and their parents.
- Education: Community and professional education programs focusing on caregiving, death and grief, pain and symptom control.

From July 1, 2001 through June 30, 2002, Seacoast Hospice provided services to 2 Fremont residents including:

- One terminally ill Fremont resident for a total of 62 patient days. This represents \$7,731 of hospice service.
- One Fremont resident participated in bereavement services. Many have visited our library for material on death and dying. Two Fremont residents served as hospice volunteers this year.

SEACOAST MENTAL HEALTH

Prospect Hill, PO Box 1041

Exeter NH 03833

(603) 772-2710

Seacoast Mental health provides comprehensive mental health services for those residents of Fremont. We also offer reduced fees for those who are in need.

Fiscal year 2002 statistics indicate the following services provided to Fremont residents:

- 1,129 hours of service to 94 residents of the community
- total gross dollar amount for these services was \$107,643

SEXUAL ASSAULT SUPPORT SERVICES

7 Junkins Avenue

Portsmouth NH 03801

(603) 436-4017

Crisis Hotline (888) 747-7070

Sexual Assault Support Services is dedicated to supporting victims/survivors in their effort to heal from the trauma of sexual assault and childhood sexual abuse, while striving to prevent the occurrence of sexual violence in local communities and in society at large.

This mission is accomplished by providing the following services:

- Toll-free confidential 24 hour crisis intervention hotline 1-888-747-7070;
- Outreach office for Strafford County located in Rochester at One Wakefield Street 322-0775;
- Accompaniment to medical and legal (police and court) appointments;
- Information and referral to related services such as attorneys and therapists;
- Support groups for survivors, their parents and partners;
- Child sexual assault prevention education programs in area schools, recreation programs, camps and scouts;

- Adolescent workshops on sexual harassment and sexual assault;
- Professional training and consultation to police departments, hospital and school personnel and human service agencies;
- Sexual harassment in the workplace workshops to municipalities and business.

Our program is committed to providing support, education, and advocacy to all survivors of sexual assault and sexual abuse and their parents, partners and other community members.

The primary objectives of Sexual Assault Support Services are to empower survivors, to support them in their healing process, and to educate the community, heightening awareness of sexual assault and its prevention. We provide prevention programs throughout the school system in order to broaden awareness among students, teachers, and the community of the issues of sexual assault and harassment. In addition, our staff coordinates with police departments and hospital staff to improve response to sexual assault cases and to assure a supportive environment for the survivors.

Sexual Assault Support Services has provided services for 23 years. Volunteers are welcome and are utilized in all aspects of the program.

"Imagination is more important than knowledge."

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Fremont, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Laurence Pettengill Hall, Ellis School, in said District on the 8th day of March 2003, at five o'clock in the evening to act upon the following subjects and to hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.

1. Submitted by Citizens' Petition. "Passage of this article shall override the 10 percent limitation imposed on this appropriation due to the non-recommendation of the budget committee." To see if the District will vote to raise and appropriate, up to and not to exceed, the sum of Eleven Million, Four Hundred Thousand Dollars (\$11,400,000) for the construction and original equipping of a new middle-high school building, and said sum to be offset by state building aid of 30% over the term of the bond, and to authorize the school board to apply for, obtain and accept federal, state, or other aid, if any, which may be available for set project and to comply with all laws applicable to such project, to authorize the balance to be raised by the issuance of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof. (2/3 ballot vote required)

(Not Recommended by Fremont School Board)

(Not Recommended by Fremont Budget Committee)

2. To see if the District will vote to raise and appropriate the sum of Four Million, Three-Hundred-Fifty Thousand Dollars (\$4,350,000) for the construction and original equipping of an elementary school addition on land of the District and renovations to the Ellis School, and to authorize the issuance of not more than Four Million, Three-Hundred-Fifty Thousand Dollars (\$4,350,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof, and further to raise and appropriate the additional sum of One Hundred-Ten Thousand, Nine Hundred-Sixteen Dollars (\$110,916) for the first interest payment on the bond, and furthermore to authorize the School Board to apply for, accept and expend federal, state and/or other aid which may be available for the project and to authorize the School Board to take

any other action necessary to carry out this vote. (Each year over the term of the bond, the principal payment will be offset by 30% school building aid.) (2/3 Ballot vote required)

(Recommended by Fremont School Board)
(Recommended by Fremont Budget Committee)

3. To see if the District will vote to raise and appropriate the sum of Five-Hundred Thousand Dollars (\$500,000) for resurfacing of the Ellis School roof, and to authorize the issuance of not more than Five-Hundred Thousand Dollars (\$500,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof, and further to raise and appropriate the additional sum of Twelve Thousand, Seven-Hundred-Fifty-Four Dollars (\$12,754) for the first interest payment on the bond, and furthermore to authorize the School Board to apply for, accept and expend federal, state and/or other aid which may be available for the project and to authorize the School Board to take any other action necessary to carry out this vote. (Each year over the term of the bond, the principal payment will be offset by 30% school building aid.) (2/3 Ballot vote required)

(Recommended by Fremont School Board)
(Recommended by Fremont Budget Committee)

4. Submitted by Citizens' Petition. To see if the District will raise and appropriate the sum of One Hundred Twenty Thousand, Three Hundred Thirty Four Dollars (\$120,334) for the administrative staff and associated costs to develop curriculum, purchase equipment, hire staff, and the like during the completion of the new middle-high school building. (Majority vote required)

(Not Recommended by Fremont School Board)
(Not Recommended by Fremont Budget Committee)

5. To see if the District will vote to authorize the school board to enter into a two-year lease agreement for the purpose of leasing a modular unit, and to raise and appropriate the sum of One-Hundred Thousand Dollars (\$100,000) for the first year's lease payment, modular setup costs, and new furniture. This lease agreement will contain an "escape" clause. This article will be tabled if Article 2 is passed. (Majority vote required)

(Recommended by Fremont School Board)
(Recommended by Fremont Budget Committee)

6. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the

payment of statutory obligations of the District. This article does not include appropriations voted in other warrant articles. (Majority vote required)

1100	Regular Education	\$2,967,018

TOTAL APPROPRIATION		\$6,257,184

(\$6,257,184 Recommended by the Fremont School Board)
(\$6,071,368 Recommended by the Fremont Budget Committee)

7. To see if the District will authorize the School Board to convey a property deed to the Town of Fremont for the land upon which the new library is erected, and to authorize the School Board to take any other action necessary to carry out this vote. (Majority vote required)

(Recommended by the Fremont School Board)

8. To see if the Voters of the Fremont School District affirm that newly enacted and existing state and federal mandates, while considered educationally valuable, have placed an undue and heavy financial burden on the local school district budget, and vigorously oppose any and all unfunded and under-funded state and federal educational mandates, including but not limited to, those contained in the recently enacted No Child Left Behind Law as well as those mandates historically unfunded within the IDEA/Special Education Laws. (Majority vote required)

(Recommended by the Fremont School Board)

9. Submitted by Citizens' Petition. To see if the district will vote to adopt the provisions of RSA 40:13 (known as SB2) to allow official ballot voting on all issues before the Fremont School District on the second Tuesday of March. (3/5 Majority vote required)

(Not Recommended by the Fremont School Board)

Warrant Article No. 9 will be voted by ballot on Election Day, March 11, 2003.

10. To transact any other business which may legally come before this meeting.

Given under our hands at said Fremont this 6th day of February 2003.

**Fremont School Board
School District Meeting**
held at the
Laurence Pettingill Hall, Ellis Elementary School, 432 Main Street Fremont NH 03044
16 March 2002
Minutes

Call to Order: Fremont School District Moderator Gusti Buhrman called the Meeting to order at 9:45 am by reading the proposed School Warrant opening, dated 12 February 2002.

Meeting Rules: Moderator Buhrman read the meeting rules:

1. You must be a registered voter in Fremont in order to vote.
2. The Moderators job is to be fair so if someone does not understand anything or cannot hear to raise your hand and it will be addresses.
3. If there is any confusion on what is being voted on please ask the Moderator.
4. All remarks shall go through the Moderator.
5. If you would like to speak, raise your hand until recognized, then approach the microphone, state your name and question. There will be a three (3) minute time limit.
6. There will be no name calling, threatening, or profanity or you will be removed from the meeting.
7. There shall be no amendments to amendments accepted. One amendment at a time will be handled.
8. After a vote is taken and the results announced anyone may stand up and ask for the motion to restrict reconsideration of that Article. A time and place would have to be set up for 7 days later to reconsider the Article.
9. Do not raise your hand if you have already spoken until everyone has had a chance to speak.
10. There will be at least one Ballot Vote. The polls will remain open for one hour for each ballot vote.

Introduction of the Board & Panel: Fremont School District Board Clerk: Jill Laskowski (newly elected), Fremont School District Board Clerk: Kimberly Dunbar (retired), Member: Christine Kenneway, Vice-Chair: Mary Jo Dzioba, Member: Glen Smith, Chair: Joseph Dreyer, Member Peg Pinkham, SAU #14 Legal Council Gordon Graham, SAU #14 Superintendent: Robert Bell, and SAU #14 Business Manager: Barbara Munsey, Ellis School Principal: JoAnn Boddy.

*To the Inhabitants of the
School District in the Town of Fremont, New Hampshire,
qualified to vote in District affairs:*

You are hereby notified to meet at the Laurence Pettengill Hall, Ellis School, in said District on the 16th day of March 2002, at nine o'clock in the morning to act upon the following subjects.

Please note that Article 10 will be subject to the outcome of the Annual School District Meetings of Auburn, Candia and Deerfield. Please note that Article 11 will be subject to the outcome of the Second Session Annual Epping School District Meeting.

ARTICLE 1. To hear reports of agents, auditors, and committees or officers' chosen and pass any vote relating thereto.

The question was moved by Chairman Dreyer and seconded by Member Pinkham. Moderator Buhrman opened the floor for reports.

REPORT - Member Kenneway, Fremont School Board representative to the Fremont Cooperative Planning Committee, introducing the other two cooperative board members from Fremont, Annmarie Gilligan & Paul Caristi. The Planning Committee has worked on this project since its conception in the spring of 2001 to form a joint board with any other town that would be interested in forming a Cooperative School District. (Auburn, Candia, Deerfield & Fremont) However, Auburn defeated the articles of agreement at their Annual School District Meeting. What does this mean for RCSD? This means that the proposal still lives. The remaining school districts ask that you still vote to show your support of the articles for the remaining three towns.

A. CHANGES (this process may take up to a maximum 90-days)

I. Articles of Agreement:

- a. Will reflect a three town cooperative by eliminating the Town of Auburn in verbiage,
- b. Auburns School Board Representation will be removed. There shall be 2 Representatives from Candia, 2 from Deerfield, 2 from Fremont and 1 Member-at-large.
- c. Must be voted on and accepted by the RCSD Board,
- d. Go before the State for approval.

II. New Proposal:

- a. Decrease the state building aid from 50% to 45%,
- b. Increase Fremont's share of cost goes from 20% to 30%,
- c. Reduction in operating and building costs due to 30% less children and a 30% reduction in building sizes.

REPORT - Chairman Dreyer: The Warrant Articles have summarized most of the work done by the School Board. He reviewed items that are part of the budget proposal for this year and reviewed what is currently happening at Ellis Elementary School, the challenges that it faces, and how they are being addressed.

With no further reports Moderator Buhrman made a motion for all those in favor to accept these reports signifying by saying aye. Motion passed by Majority Vote.

Article 1 passed by Majority.

Vice Chairman Dzioba made a motion to take up Articles 2, 3, 4, & 5 to be voted on after Articles 6, 7, 8 & 9 because there is a 10% cap according to the state budget law. The Board voted and passed this decision before the meeting this morning. Member Kenneway seconded the motion. Vice Chairman Dzioba requested that Moderator Buhrman ask the legislative body to allow School Council Graham to explain this law further.

Moderator Buhrman asked the voting body if there was any opposition to Attorney Gordon Graham addressing the issue signifying by saying aye. Passed by Majority vote.

School District Attorney Gordon Graham addressed the voting body to explain the motion: The municipal budget law contains within it a limit to how much money that this meeting can appropriate. This limitation is based on the total approved by the Municipal Budget Committee. The total amount of money that was approved was \$5,694,999; a 10% cap of that amount would be \$569,500. The total amount of money that can be appropriated at this time is \$6,263,499 (in Municipal Report). As a result, if the bond passes the School Board would be left with only the ability to spend 2/3 of the money necessary to build the new school and no money for the yearly operational budget. This is why it is important to vote on operational budget Articles first. Once done, there is an opportunity for the School Board to override the 10% limitation to raise the money in support of the bond issues by adding language to the Warrant Articles, if that is what that voting body chooses.

Furthermore, Attorney Graham read RSA 32:18 pertaining to this law and answered questions from the floor following this explanation.

Vice Chair Dzioba stated, once all money Articles are voted on and the School Board is assured that they have a budget to run this school next year, the School Board Members will make a Motion to vote on Articles 2, 3, 4 & 5 once Article 9 has passed.

Moderator Buhrman read the Motion to move Articles 2, 3, 4 & 5 after taking up Articles 6, 7, 8 & 9. Vice Chair Dzioba moved the motion. Member Kenneway seconded. Moderator Buhrman asked all of those in favor to signify by raising their voting cards. Motion passed by Majority Vote.

ARTICLE 6. To see if the District will appropriate up to the sum of Ten Thousand Dollars (\$10,000) to add to the expendable general fund trust known as the Ellis School Building and Grounds Maintenance Fund. This appropriation is to be funded with available surplus audited funds at the close of the 2001-2002 school year on June 30, 2002. If the surplus audited funds are less than the requested appropriation, the trust fund appropriation will be reduced to that amount. (Majority vote required)

*(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)*

Vice Chair Dzioba made a Motion to move the Article. Member Smith seconded. With no discussion, Moderator Buhrman requested that all those in favor signify by raising their voting cards.

Article 6 passed by Majority vote.

ARTICLE 7. To see if the District will raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) for the purchase of property located at 17 Beede Hill Road, legal, real estate, demolition, and other associated costs. (Majority vote required)

*(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)*

Member Smith made a Motion to move the Article. Member Kenneway seconded.

Moderator Buhrman was presented with a Citizens' Petition. "We the undersigned, registered voters request a secret ballot vote for Article #7, and any amendments to this article."

Moderator Buhrman requested that five (5) registered voters who had signed this petition hold up their voting card to be verified in order for her to consider the petition according to RSA 40-4:A. Five voters were verified.

REPORT - Chairman Dreyer and Vice Chair Dzioba reported further details having voters refer to the School District informational packet summary on pages 19 & 20 for this Article and answered questions from the floor.

Marion Guidoboni made a Motion to move the Article. Reese Bassett seconded the Motion. Moderator Buhrman asked for those in favor to signify by saying aye. Motion passed by Majority vote.

Moderator Buhrman requested that voters who are against Article 7 signify by raising their voter cards. Mike Miller called Point of Order because the whole purpose of having a Secret Ballot is to not know who is voting.

Moderator Buhrman acknowledge this and rephrased her question. All voters that are in favor of Article 7 signify by raising their voter cards. She did this to try to move the meeting along because it was obvious that there is a Majority of voters that support this Article.

Moderator Buhrman explained that she understands that a petition for a Secret Ballot is sometimes done to delay the meeting, to stretch things out or because sometimes people just do not want to show how they are voting. However, the people in this room wish to move this meeting along.

Mike Miller stated that it his opinion that Moderator Buhrman is not following the law and would like to get the opinion of Attorney Gordon Graham as to if what Moderator Buhrman has done is legal.

Attorney Graham replied by saying, "The law states that five people may request a secret ballot that that Article will be voted on by Secret Ballot. However, the moderator can run the meeting the way the body wants. It is up to petitioners if they want to force the secret ballot. What Moderator Buhrman has done is perfectly proper and that she may run this meeting as she sees fit."

Moderator Buhrman requested that five signers of the original petition come forward and state your name if they still wish to have this Article voted on by a Secret Ballot. One voter came up to the Moderator, Clara Wiley. Since four more of the petitioners to step forward the Citizens' Petition for a Secret Ballot was formally withdrawn by Mike Miller.

Moderator Buhrman requested that all those in favor of Article 7 signify by saying aye.

Article 7 passed by Majority vote.

ARTICLE 8. *To see if the District will vote to raise and appropriate the sum of Seventy Thousand Dollars (\$70,000) as a deficit appropriation for the 2001-2002 fiscal year to cover higher than anticipated expenditures for special education. (Majority vote required)*

***(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)***

Member Pinkham made a Motion to move Article 8. Member Smith seconded the Motion.

REPORT - Member Pinkham and Vice Chairman Dzioba reported that an explanation would be presented by the SAU #14 Business Manager Barbara Munsey. If this Article does not pass the money will come out of the 2002 regular education fund.

REPORT - Barbara Munsey asked voters to refer to page 21 of their informational packet. School District budgets are put into effect many months before the school year occurs. There is no way to anticipate changes in services or the number of students. At this point there is no way to make up this \$70,000. These funds will have to be appropriated by law.

There was no further discussion.

Moderator Buhrman requested that all those in favor of Article 8 signify by saying aye.

Article 8 passed by Majority vote.

ARTICLE 9. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries, for school district officials and agents, and for the payment of statutory obligations of the District. This article does not include appropriations voted in other warrant articles. (Majority vote required)

1100	Regular Education	\$2,703,078
1200	Special Education	1,184,578
1300	Vocational Education	0
1400	Other Programs	20,930
2110	Attendance	1
2120	Guidance	33,782
2130	Health	29,125

2900	Support Benefits	100,940
4000	Facilities	33,928
5100	Debt Service	0
3100	Food Service	65,851

TOTAL APPROPRIATION \$5,514,999

(\$5,514,999 Recommended by the Fremont School Board)

(\$5,514,999 Recommended by the Fremont Budget Committee)

Vice Chairman Dzioba made a Motion to move Article 9 in the amount of \$5,514,999. Chairman Dreyer seconded the Motion. With no further discussion, Moderator Buhrman asked all those in favor of Article 9 in the amount of \$5,514,999 signify by saying aye.

Article 9 passed by Majority vote.

Dave Doyle made a Motion to restrict reconsideration of any Article that has been already voted on. Jeff Rowell seconded the Motion. Moderator Buhrman asked all those in favor of restricting any reconsideration of all Articles already voted on signify by saying aye. Motion passed by Majority vote.

Moderator Buhrman made an announcement that Deerfield passed their Article to support the Cooperative Articles of Agreement by 86%.

Article 2. To see if the District will vote to raise and appropriate, up to and not to exceed, the sum of Eleven Million, Seven-Hundred Thousand Dollars (\$11,700,000) for the construction and original equipping of a new middle-high school building, and said sum to be offset by state building aid of 30% over the term of the bond, and to authorize the school board to apply for, obtain and accept federal, state or other aid, if such project, to authorize the balance to be raised by the issuance of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof. (2/3 Ballot vote required)

(Not Recommended by the Fremont School Board)

(Not Recommended by the Fremont Budget Committee)

Chairman Dreyer made a Motion to move Article 2. Member Pinkham seconded the Motion.

REPORT - Chairman Dreyer opened the discussion by explaining that it is has been the intent of the school board all along to research this, to develop appropriate costs and put it in the hands of voters. When it came time for the School Board to recommend this Article it was not recommended (not unanimously), but to leave this Article on the Warrant and to leave the decision in the hands of the voters. The School Board does not run the School District but is managing and navigating the course that is given to them by the voters. So the decision is the voters.

Chairman Dreyer made a Motion to amend Article 2 as written to include the verbiage to read, "Passage of this article shall override the 10% limitation imposed on this appropriation due to the non recommendation of the Budget Committee." Member Pinkham moved the amendment to Article 2 as read. Member Smith seconded the Motion.

A Roll Call vote of the School Board was taken:

Chairman Joseph Dreyer	yes
Member Pinkham	yes
Member Smith	aye
Vice Chairman Dzioba	yes
Member Kenneway	yes

The vote was unanimous. (5-0)

Chairman Dreyer made a Motion upon the recommendation of the School Board to amend the language of Warrant Article 2 by inserting the following language at the beginning of the Article "Passage of this Article shall override the 10% limitation imposed on this appropriation due to the non recommendation of the Budget Committee". Member Pinkham seconded the Motion.

Moderator Buhrman read this amendment again.

The floor was open for discussion. It was explained that if this amendment does not pass, then legally, this Warrant Article will not be able to be voted upon.

Attorney Graham further explained the question of what can be legally voted on is the voter's decision. What the Department of Revenue Administration does with that is another thing entirely. You could vote on anything you want. The question is, what is the legal effect of that vote? If you were to consider this without the language that is requested you would not be allowed to raise the money for the bond because it would exceed the 10% limitation. If the additional language is approved and this meeting chooses to pass a bond; you will have a chance to obtain this bond.

Moderator Buhrman asked that all of those in favor of the amendment to Article 2, "Passage of this article shall override the 10% limitation imposed on this appropriation due to the non recommendation of the Budget Committee", signify by saying aye. The vote was too close for Moderator Buhrman. She again asked that those in favor signify by raising their voter card. How many are opposed signify by raising their card. Article 2 passed by Majority vote.

REPORT - Chairman Dreyer explained to the voting body that Warrant Articles 2 & 3 are identical except the dollar value. The School Board petitioned Article 2 & Article 3 was a Citizens' Petition. He referred voters to pages 9 & 10 of the informational packet, which he then reviewed and explained.

Chairman Dreyer made a request to let Architect Frank Marinace speak to the voting body. Moderator Buhrman asked the voting body if there was any opposition. There was none.

Architect Frank Marinace - made a presentation of the plans for the proposed school project to be built in Fremont, which he directed voters to look at in the informational packet.

Audrey Karamourtopoulos made a Motion to make two amendments. First, an amendment to Article 2 to change the amount of funds requested to \$10,950,000 and the second amendment to make a report on Article 3 without the three-minute time limit with discussion from the floor to follow. Member Smith seconded the motion.

There was no discussion.

Moderator Buhrman will allow their report without the three-minute time restriction for Article 3. If they do the presentation on Article 3 there will be only one vote for Articles 2 & 3 to build our own school. This means they will be combined because the Articles are exactly the same. Moderator Buhrman asked all those in favor for the amendment to Article 2 to appropriate a sum of up to, but not to exceed, \$10,950,000 signify by saying aye. Motion passed by Majority vote.

Annmarie Gilligan made a Motion for the Petitioners of Article 3 to do their presentation to the voting body. Jill Laskowski seconded the Motion. Moderator Buhrman asked that all those in favor signify by saying aye. Motion passed by Majority vote.

ARTICLE 3. Submitted by Citizens' Petition. To see if the District will vote to raise and appropriate, up to and not to exceed, the sum of Ten Million, Nine-hundred-fifty Thousand Dollars (\$10,950,000) for the construction and original equipping of a new middle-high school building, and said sum to be offset by state building aid of 30% over the term of the bond, and to authorize the school board to apply for, obtain and accept federal, state or other aid, if any,

which may be available for set project and to comply with all laws applicable to such project, to authorize the balance to be raised by the issuance of bonds or notes in accordance with the provisions of the municipal Finance Act (RSA Chapter 33), and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof. (2/3 Ballot vote required)

**(Not Recommended by the Fremont School Board)
(Not Recommended by the Fremont Budget Committee)
(TABLED)**

REPORT - Member Smith, who is supporting the Citizens Petition, reviewed the plans as outlined in the handout. He referred voters to begin at page 7.

Page 8 - School design and future expansion for future growth.

Page 9 - Preliminary Budget - what can be done with the \$10,950,000.

Page 11 - Dollar Impact - Bond cost is Bond Cost - reviewed tax increase chart with bond cost of building.

Page 14 - Curriculum, which is state approved.

REPORT - Audrey Karamourtopoulos gave a report encompassing the problems that the Fremont School Board and residents face by comparing a Cooperative Plan and a Build our own. She commented about having another option that Candia has presented their information and Auburn has presented their information and she questions their first and second year tax rate numbers.

Point of Order was called from the body of voters.

REPORT - Debra Nutton presented a comparison study of five small schools in New Hampshire that have built their own schools. She felt that they were very similar in size, financially, and number of students.

REPORT - Audrey Karamourtopoulos reviewed the informational handout and addressed rumors and misconceptions regarding the proposed curriculum. She asked that people would vote to build our own school and to look into the future for a cooperative venture.

Moderator Buhrman opened the floor for discussion.

Member Kenneway announced that, Larry Lassins who is Deerfield Cooperative Representative, reported that Deerfield voted 86% in favor of a three town Cooperative, Candia, Deerfield & Fremont. They did not vote on the Warrant Article for the Articles of Agreement because they felt like they were null and void without Auburn being in the Cooperative. The Articles will need to be changed to eliminate Auburn from the Articles of Agreement.

Chairman Dreyer wanted to address the budget and budget forecast and asking what it real means to the town. The School Board & SAU #14 office has put a lot of time into this to make it as accurate as possible. He has a lot of respect for Mrs. Munsey (SAU Business Manager) she has put a lot of time into this. It's not safe budget but it's a budget that will work. These budget numbers is what Chairman Dreyer felt comfortable with and that he will be able to work with as a School Board Representative.

All statements were heard, questioned were addressed and answered.

Linda Zukas made a Motion for Moderator Buhrman to call for the vote.

Moderator Buhrman asked that discussion be continued until everyone has had their questions answered. After further discussion Moderator Buhrman called the Article for the vote and opened the polls at 12:50pm. The polls are to remain open for 1 hour and require a 2/3 Majority vote to pass.

Meeting continued at 2:00pm while voting continued.

Member Kenneway made a Motion to Table Articles 3 and 5. Vice Chair Dzioba seconded the Motion. Moderator Buhrman asked that all those in favor signify by saying aye. Motion passed by Majority vote.

Member Kenneway made a Motion to Table Article 11. Vice Chair Dzioba seconded the Motion. Moderator Buhrman asked that all those in favor signify by saying aye. Motion passed by Majority vote.

Member Kenneway made a Motion to restrict reconsideration of all Tabled Articles. Member Dzioba seconded the Motion. Moderator Buhrman asked that all those in favor signify by saying aye. Motion passed by Majority vote.

Polls closed at 2:15 they were open for 1-hour 25 minutes.

RESULTS OF ARTICLE 2 & 3 - 698 PEOPLE VOTED

YES 248 NO 450

BOTH ARTICLES 2 & 3 FAIL

ARTICLE 4. *To see if the District will raise and appropriate the sum of One Hundred-Twenty Thousand, Six Hundred-Forty-Five Dollars (\$120,645) for administrative staff and associated costs to develop curriculum, purchase equipment, hire staff, and the like during the completion of the new middle-high school building. This article is to be tabled if Article 2 is defeated. (Majority vote required)*

**(Not Recommended by the Fremont School Board)
(Not Recommended by the Fremont Budget Committee)
(TABLED)**

A Motion was made to restrict reconsideration of Articles 2 & 3. A member of the voting body seconded the motion. Moderator Buhrman asked for those in favor to signify by saying aye. Motion passed by Majority vote.

ARTICLE 5. *Submitted by Citizens' Petition. To see if the District will raise and appropriate the sum of One Hundred-Twenty Thousand, Three Hundred-thirty-Four Dollars (\$120,334) for administrative staff and associated costs to develop curriculum, purchase equipment, hire staff, and the like during the completion of the new middle-high school building. (Majority vote required)*

**(Not Recommended by the Fremont School Board)
(Not Recommended by the Fremont Budget Committee)
(TABLED)**

ARTICLE 10. *Shall the school district accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school districts of Auburn, Candia and Deerfield, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk?*

YES

NO

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

The amended Articles of Agreement are on file with Auburn, Candia, Deerfield and Fremont school district clerks and are included in the school warrant for this annual school district meeting. Such vote to be contingent upon acceptance of a similar warrant article by the Auburn, Candia and Deerfield School Districts at their respective annual school district meeting.

Rockingham Cooperative School District
Articles of Agreement
As Approved by the Cooperative School District Planning Board

Article 1. *The school districts of Auburn, Candia, Deerfield and Fremont shall be combined to form a cooperative school district servicing grades 6-12 with middle school(s) and high school(s), which shall be named the Rockingham Cooperative School District, hereinafter to known as RCSD pursuant to RSA 195.*

Article 2. *The RCSD School Board shall consist of nine members, two from each community and one member-At-large elected at the organizational meeting to be held pursuant to RSA 195:18.*

<u>District</u>	<u># of Members</u>	<u>Initial Terms End</u>
Auburn	2	2004, 2006
Candia	2	2004, 2005
Deerfield	2	2004, 2006
Fremont	2	2005, 2006
Member-At-Large	1	2005

All members of the RCSD School Board shall be elected by use of the non-partisan ballot system under RSA 671. All members elected subsequent to the organizational meeting shall be elected for three-year terms.

Article 3. *Educational facilities necessary to operate the RCSD shall be constructed within the confines of the RCSD.*

Article 4. *The RCSD Board shall form a curriculum committee, site committee, building committee and any other committee(s) as the RCSD School Board deems necessary and, whenever possible, each committee formed shall be comprised of an equal number of residents from each town. The committees formed shall make recommendations to the RCSD School Board.*

Article 5. *The operating and capital expense of the RCSD, payable in each fiscal year, shall be apportioned among the preexisting districts based on one hundred percent (100%) equalized valuation, with utilities, included, from the second preceding year of each preexisting district of the RCSD as published by the Department of Education on the form titled, "Valuations, Property Tax Assessments*

and Tax Rates of School Districts", or the equivalent report from another state agency (i.e.; The NH Department of Revenue Administration).

Article 6. The RCSD School Board shall establish a schedule of payments and may revise the payment schedule as necessary.

Article 7. After the date(s) of operating responsibility, the state aid to which each district would be entitled for students grades 6-12, were it not part of a cooperative school district, shall be credited to each district's share of the total operating budget.

Article 8. The RCSD shall provide transportation for all students of the cooperative school district.

Article 9. Any capital reserve accounts are to be retained by the preexisting school district.

Article 10. The newly elected RCSD School Board shall be allowed to call for a special meeting to raise and appropriate operating funds while the cooperative is being organized and incurs costs relating to the planning and design of any proposed new school facility.

Article 11. It is the specific intention of the voter to rarify these Articles of Agreement so as to create the RCSD and a new legal entity. The RCSD School Board shall establish a new contract covering the terms and conditions of employment and not fund any existing collective bargaining agreements.

Article 12. These Articles of Agreement may be amended by the RCSD consistent with the provision of RSA 195:18 III (i), except that no amendment shall be effective unless the question of adopting such amendment is submitted at a cooperative school district meeting after reasonable opportunity for debate in open meetings, and unless a 2/3 majority of the voters of the RCSD who are present and voting shall vote in favor of adopting such amendment. Furthermore, no amendment shall be considered except at an annual or special meeting of the RCSD and unless the text of such amendment is included in an appropriate article in the warrant for such a meeting. The revision of the payment schedule in Article 6 is excluded from this process. The RCSD School Board shall hold a public hearing concerning the adoption of any amendment at least ten (10) days before such annual or special meeting and shall cause notice of such hearing and the text of the proposed amendment to be published in newspapers having a general circulation in the district at least fourteen (14) days before such a hearing. Until the date of operating responsibility is assumed, the RCSD School Board is empowered to call a special district meeting under the procedures outlined above for the purpose of amending the Articles of Agreement. Any amendment must be approved by the State Board of Education prior to voting.

Article 13. The date(s) of operating responsibility of the RCSD will be July 1 of the year that the RCSD educational facilities open for operation.

Article 14. Students in grades 11 and 12, at the time the district assumes operating responsibility, will remain the responsibility of the sending district.

Article 15. The RCSD herein established shall terminate and the Articles of Agreement shall be null and void in the event that the RCSD has not adopted a bond for financing construction of educational facilities on or before the last day of June 2005.

Article 16. In the event any article herein is found to be invalid, the remaining articles shall continue in full force and effect to the maximum extent possible.

REPORT – Member Kenneway would like to encourage all voters to support the Articles of Agreement even though Auburn did not pass them. This would be a sign of support to the committee for a three town cooperative. She reiterated the changes that would take place in the

Articles of Agreement without the Town of Auburn. As far as the 7th grade class, none of the Cooperative towns felt that any of the towns that currently take our students would refuse to take them in the future. She believes if Articles 2 & 3 passed that Candia or Deerfield would not want to buy into Fremont's debt. She outlined the upcoming procedures that would need to take place in order for the Cooperative to be formed from this point.

The floor was open for discussion. With no discussion Moderator Buhrman called the Motion to a vote.

Moderator Buhrman asked that all those in favor of Article 10 signify by saying aye. Motion passed by Majority vote. However, this was only a vote of support. The Cooperative Committee will need to come back before the voters with new Articles of Agreement for the three towns to be voted on.

Attorney Graham reiterated that this was a voice vote to pass this Article in spirit. However, in order for a Cooperative Articles to pass it must be voted on by a ballot vote. There is not a necessity to do that at this meeting because the Cooperative Articles of Agreement are null and void.

There was a request to hand count the vote in order to get a percentage. Attorney Gordon Graham suggested doing a division of the house. People in favor will stand on one side of the room and opposed will stand on the other side. Town Moderator Bernier attempted to count the pro Cooperative votes & Clerk Dunbar counted approximately 28 people out of the approximate 698 voters on the opposition side.

Chairman Dreyer made a Motion to Table Article 4. Member Smith seconded the motion. Moderator Buhrman asked that all of those in favor signify by saying aye. Motion passed by Majority vote.

Member Kenneway made a Motion to restrict reconsideration of the Article. A member of the voting body seconded the motion. Moderator Buhrman asked that all those in favor signify by saying aye. Motion passed by Majority vote.

ARTICLE 11. To see if the District will approve the proposed middle and high school tuition agreement between the Epping School District and Fremont School District. Please note that this article will be voided if the Epping School District defeats their article to build a new high school and/or the article to approve the tuition agreement at their annual meeting. (Majority vote required)

*(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)
(TABLED EARLIER)*

ARTICLE 11 IS VOIDED. The Town of Epping voters defeated their Article. However, it did pass to continue to accept students to be tuition in.

ARTICLE 12. To transact any other business which may legally come before this meeting.

With no further transactions to come before the voting body the meeting was officially closed at 2:35pm.

Fremont School District Board Clerk

**Fremont School Board
Special School District Meeting
Held at the Laurence Pettingill Hall
Ellis Elementary School, 432 Main Street Fremont NH 03044
May 11, 2002 Minutes**

School Board Members and Panel present: Chairman: Joe Dreyer, Vice Chair: Mary Jo Dzioba, Member: Chris Kenneway, Member: Glen Smith, Member: Peg Pinkham, SAU #14 Superintendent: Robert Bell, SAU #14 Legal Council: Gordon Graham, SAU #14 Business Manager: Barbara Munsey, School District Clerk: Jill Laskowski, School District Moderator: Gusti Buhrman

Call to order: Fremont School District Moderator Gusti Buhrman called the meeting to order at 7:12 P.M. Moderator Buhrman read the School Warrant as follows:
To the inhabitants of the School District in the town of Fremont, New Hampshire, qualified to vote in District affairs: You are hereby notified to meet at the Laurence Pettingill Hall, Ellis School, in said district on the 11th day of May 2002, at seven o'clock in the evening to act upon the following subjects;

1. To hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.
 2. Shall the school district accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school districts of Candia and Deerfield, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk? (Ballot majority vote required) Yes____
No____
 3. To transact any other business which may legally come before this meeting.
-

Moderator Buhrman: "Article 1, is there a motion?" Article 1 moved by Chairman Dreyer, and seconded by Member Kenneway.

Moderator Buhrman: "Any reports? If not, all those in favor of accepting Article 1, signify by saying aye." Motion passed by majority vote.

Member Kenneway introduced by moderator Buhrman to discuss Article 2.

Member Kenneway: "My name is Chris Kenneway and I am a member of the Cooperative Planning Committee. Basically, the spirit of this cooperative has not changed since our March meeting. The articles have changed in that Auburn is longer part of the cooperative. The cooperative is with Deerfield, Candia and Fremont. The school board membership changed to take Auburn out. Membership now is two members Candia, two members Deerfield, ~~two~~ ^{two} members Fremont and one member at large. The frameworks that the cooperative planning board have agreed to have changed

only in that it would be providing two middle schools, one to service Candia and Deerfield, and one to service Fremont and one high school. On your blue sheet that you picked up at the table, you can see the cost impacts as estimated by the cooperative planning board and I would like to emphasize that these are estimates based on averages on school districts that are similar in enrollment size as with the cooperative school district would be for middle school and high school. If you look at the third column from the right estimated annual change in tax, you will see what the tax impact as estimated will be to be to you and each year starting 2002-2003 and projecting out to 2007-2008. That would be \$0.49 for 2002, \$2.50 for 2003-2004, \$1.44 for 2004-2005, \$1.06 for 2005-2006, \$1.41 for 2006-2007, and \$0.59 for 2007-2008. At the bottom of the sheet are the Facilities Costs Estimates and I would like to take questions at this time.” There were no questions.

Moderator Buhrman: “Article 2. Oh, we have to pass this. All those in favor of accepting the reports as read, signifying by saying aye.” Motion passed by majority vote. “Article 1 passes.”

Moderator Buhrman: Article 2 will establish a cooperative school district with the school districts of Candia and Deerfield. Is there a motion for Article 2?” A motion is made by Chairman Dreyer and seconded by Member Smith.

Moderator Buhrman: “I just thought of something. We do have a new face up here. We have a new school clerk and it’s Jill Laskowski, but everybody else is the same. OK, Article 2 has been moved and seconded. Is there any discussion? Being no discussion, we can take Article 2 to a vote. That means, is Neil here? Neil’s going to tell you how to do the voting. He’s outside, could somebody get him. Chief Janvrin, he’s very good at organizing crowds, I’m not.” Chief Janvrin then explained how to line to receive a ballot to vote.

Moderator Buhrman: “There’s a hand up, there’s a hand up.”

Chief Janvrin: “Yes?”

Clara Wiley: “Are we voting on the articles of agreement?”

Moderator Buhrman: Yes, we’re voting on Article 2 because there was no discussion, nobody raised their hand, nobody said a word, so we’re voting.”

Clara Wiley: “So we are voting on the cooperative articles of agreement?”

Moderator Buhrman: “To see if the town, to see if, shall the school district accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school districts of Candia and Deerfield, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk? (Ballot majority vote required) Yes___ No___. So line up where Chief said to.”

Polls opened @7:20 P.M.
Polls closed @ 8:20P.M.

Ballots counted twice by Town Moderator Matthew Thomas, Town Clerk Lori Holmes, School District Clerk Jill Laskowski, and Supervisor of the Checklist Ann Stackpole. Final count: Yes 291... No 64. Checklist and number of votes totaled 355 per Lori Holmes and Ann Stackpole. Final tally given to Moderator Buhrman by Town Moderator Matthew Thomas @ 8:40 P.M. and announced to audience by Moderator Buhrman. Moderator Buhrman then asked if there was other business to be discussed. With no other business to be discussed, meeting was adjourned at 8:41 P.M.

Respectfully submitted,

A handwritten signature in cursive script that reads "Jill Laskowski".

Jill Laskowski, Fremont School District Board Clerk

REPORT OF THE SCHOOL BOARD

We are pleased that Ellis School continues to provide our children with a positive learning atmosphere despite the overcrowding. That atmosphere is a reflection of the dedication of Principal Joanne Boddy; Assistant Principal Louise Tuohy; and the wonderful staff at Ellis School who remain professional and creative in implementing our curriculum.

The Fremont School District purchased the property at 17 Beede Hill Road. An environmental Site Study was completed and the contamination that was in question tested to be minimal and without consequence. The trailer will be removed by spring.

In May of 2002 a Special School District Meeting was held to consider the formation of a cooperative venture with the Towns of Candia and Deerfield. For the third time in seven years, a cooperative school district would not become a reality for our community. Therefore, placement for our 187 high school students is still a number one priority for us. Next year we will not have a high school tuition contract or a designated high school. We will be tuitioning our students to Epping, Manchester, Newmarket, Plaistow, Sanborn and Derry.

The Board has decided to utilize the services of CCI, a construction management company; Atlas Engineering, and Gale Associates to review the space needs study, developed by the staff at Ellis School, and investigate options for expansion. While the modular units have helped with the overcrowding, they are not a permanent solution to building needs at Ellis School.

In closing, we would like to thank the staff, parents, volunteers, and community members for their continued support. Student success is a direct result of dedication and commitment of everyone, teachers, staff, and community; who support public education.

Principal's Report

The Ellis School Community continues to grow. Although there was a slight decrease in enrollment in the beginning of the year 2001-2002, the enrollment has increased each month since by one or two students. There are 22 classrooms with 20-25 students in each one. Presently there are more than 440 students in the building.

Mrs. Margie Blackwell retired this past June. Many residents probably remember her as a teacher for she taught here for 28 years. A new teacher was hired to replace her and there are several other new staff members. There are now eighty staff members at Ellis.

The middle school curriculum has been expanded to include algebra for eighth grade students, writing for grades 5-8 and Spanish for grades 6-8. Writing has also been emphasized in the lower grades to meet the students' needs for NHEIAP testing. There are two curriculum study committees in math and social studies to examine our curriculum, study the state standards and explore new texts and programs.

The Ellis School Website () is a great source of information for parents, students and community. The students are ready to produce their own page on this site. This past spring the students helped build six new computers for the computer lab under the direction of the computer technologist and several other staff members. All students at Ellis use computers as part of their daily curriculum.

More after school activities and sports have been added to the students' day. Students are able to participate in After School Enrichment classes offered in six-week sessions 5 times a year. Track was added as a middle school sport last spring and this year lacrosse will be the new sport. There is an annual school play, Variety Show, Prize Speaking dances and skiing. Another happening this past spring was the Ellis School Field Day. It was bigger than ever thanks to the PTA and the community. After many months of planning, the schoolyard was turned into a carnival with games and events for everyone, even a dunking booth for the principal and staff. The Fremont Police, selectmen, the Town Clerk and the Administrative Assistant barbequed lunch for over 600 students and adults.

With all these new programs and the increase of students, Ellis School is very crowded. There are reading classes in the principal and assistant principal's offices. The band has class on the stage while the lower grade students are lining up for the beginning of school. Groups study in the hallways and there isn't a time in the day that a chair is empty in the library. Some days, in the library, there are 4-5 groups happening plus a computer class. In spite of the space constraints, I feel we offer a quality curriculum and extracurricular program to all students and the students are finding their days meaningful and exciting.

Superintendent's Report

This is my twelfth and final year as an administrator for SAU #14. My first three years were spent as assistant superintendent and the past nine years as superintendent. During that time the Fremont School District has continued to struggle with its facilities. The defeat of the cooperative plan with Epping has put even more strain on those facilities. The Fremont School Board will be recommending an addition and renovations to the Ellis School this year to help resolve many of the over crowding problems.

Presently Ellis School exceeds its capacity and is in dire need to add additional space. We have too many students and not enough classrooms. If the addition doesn't pass we will have to add two portable classrooms next year. Some reading classes are now taught in the principal's and assistant principal's office. There are no special education resource rooms. Many special education students are meeting in the hallways and some students are being sent out-of-district because of the lack of a resource room. Our preschool room is undersized, there is no music room and many times music is taught in the library and on the stage of the gymnasium. There is no art room and this subject is taught in the classroom. This shortens time on other parts of the curriculum and disrupts the classroom. Because PE shares a space with the cafeteria this limits the time for PE. Due to the fact that we have a small school site we have daily traffic flow problems on 107 which increases safety problems. We have inadequate parking spaces for staff and visitors. We also need a larger septic system.

Our plan will address these educational and safety concerns. There will be three classrooms per grade level to provide instruction at the average pupil-teacher ratios; approximately 20 for grades 1 & 2 and 25 in grades 3 through 8. There will be an expansion of the art, music, PE and technology programs for all students. The addition will house the middle school, which will separate the elementary from the middle school. This will allow us to enhance our curriculum and instructional methods at the middle school and prepare students for high school. We will have more space to accommodate diverse learning styles and provide individual and small group instruction. We will have space for a kindergarten program if the town chooses to have a kindergarten in the future. There will be safe and separate entrances and exits for both individual cars and school busses. There will be adequate parking for staff and visitors; our parking spaces will increase from 68 to 109. We also intend to put in a regular size playing field for both school and recreational purposes and to solve our long-standing septic system problem. Bond rates are at an all time low so this is an ideal time to approve this project. I encourage you to come to the annual school district meeting on March 8th at 5:00 p.m. at the Ellis School and vote to support this project.

We are presently in discussions with the Sanborn Regional School Board on a long-term tuition contract and both school boards are interested in pursuing this idea. If the Sanborn Regional School District passes the new high school building bond that will be presented in March, there is a strong possibility that this tuition contract will come to fruition. Although we continue to have space issues at the Ellis School we have tried to be creative and use every possible space to

improve the programs for all of the students. Due to the hard work and dedication of our teachers and administrators, even under adverse conditions, our test scores for 3rd and 6th grade on the NHEAP continue to be at state average.

I have enjoyed many of the relationships and friendships that I have formed over the years with the dedicated and concerned parents and citizens of Fremont. Thank you for the opportunity of serving your community and I wish you well in your future endeavors.

Sincerely,

Robert F. Bell

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Fremont School District
Fremont, New Hampshire

We have audited the accompanying general purpose financial statements of the Fremont School District as of and for the year ended June 30, 2002 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with accounting principles generally accepted in the United States of America. As is the case with most municipal entities in the State of New Hampshire, the Fremont School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Fremont School District as of June 30, 2002, and the results of its operations and the cash flows of its nonexpendable trust fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Fremont School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Fremont School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.
